## ***Comparison – AP5 Policy vs AR500 Policy***

Our AR500 policy is written to meet today's customer expectations by providing up-to-date coverages and features. We have enhanced the policy and it is presented in a modern, easy to read format.

We have always had significant advantages written into our Aviation General Liability policy forms and we have kept those in place with this new policy. In addition, we have added new features and enhancements, which include the following:

- Hangarkeepers Legal Liability
- Personal and Advertising Injury
- Fire Legal
- Medical Payment
- Contractual Liability
- Host Liquor Liability
- Non-Owned Aircraft Liability

In addition to the above, the following optional coverages are available:

- On Airport Premises Auto Liability
- Garagekeepers Liability
- Cargo Liability
- Grounding Liability
- Stop Gap Cover
- Excess Auto Liability
- Excess Employer's Liability
- Special Event Coverage - Limited Airshow Liability
- Family Assistance Expense
- Incident Medical Malpractice Liability
- Negligent Instruction
- Non-Owned Aircraft Physical Damage
- Hangarkeepers In-Flight

A significant improvement of the AR500 policy is that many of the amendments which were attached to the AP5 policy form have been incorporated into the base policy language of the AR500.

If you have any questions about any of the changes to your policy, please contact your aviation insurance agent.
