

iATS Online Forms

Secure online forms that make accepting donations on your organization's website easy and seamless.

Pain Points Solved

- Accept one-time or recurring donations.
- Easily and quickly create forms - no coding skills required.
- Embed directly on your website or use as standalone donation pages.
- Accept credit cards or ACH.
- Easily track donations with real-time reporting and process refunds if necessary.
- Pay only for the processing - not the form itself.
- Allow donors to cover the processing fee for their gift.

Client Demographic

- Nonprofits - fundraisers, donor services, finance
- Broad cross-section of clients (P10 clients – Enterprise Implementations)
- AMER
- UK/EU

Salesforce Integration

- Forms seamlessly integrate to Salesforce via our Brickwork app.
- Collect one-time or recurring donations via the Aura online form and post them directly into your Salesforce instance.
- Real-time updates.
- Sync custom fields from the Aura online form to Salesforce such as campaign information, tribute etc.
