8' - 12'	8' - 40'	8' - 24'	4 per module	1,400 per module

*Ranges are not limited; Highly customizable size options available

A.C.T. Dust Collectors ACTION Booth is a multifunction dust collector designed to meet your workspace needs.

Hundreds of applications require general dust collection from a room, work area, enclosure or zone.

The heavily constructed ACTION Booth louvered door which is one of the largest in the industry. The louvers are designed to assist fallout of heavy particulate while evenly distributing air across the vertical filters inside. The integrated blower and interior pulse clean diaphragm valves provide consistent, quiet and powerful performance.

With space at a premium, the ACTION Booth can be serviced from the front and top, allowing installation against walls on the back or sides.

ACTION Booth Power Module

5,400 CFM

4 Filters

7.5 HP
