

How to access site using the MSite Workforce App

 Make sure Bluetooth is turned on

 Make sure location services are turned on

1

Open the MSite Workforce App & hold near fingerprint reader, **pressing the red button** (no need to hold)

2

When prompted, use biometrics on your smartphone (Fingerprint, face and iris) to enable contactless entry

3

Hold smartphone close to the reader (by the sticker) you may need to hold it in place for a few seconds
