

CuraMedix Connect

Research, news and marketing tips to help you grow your practice.

Greetings!

As I write this, the snow is coming down and we're expecting at least 12" if not more! It's beautiful, quiet, and magical—just what so many of us need, especially right now.

On behalf of all of us at CuraMedix, thank you so much for all you've done to help your patients this year. Your knowledge, expertise and caring is truly a gift and so very much appreciated.

When the time is right for you to add EPAT/ESWT to your continuum of care, just let us know. We're here for you to answer any questions you might have about the technology and how to best integrate it into your continuum of care.

Wishing you peace, love and happiness this holiday season!

All the best,

Elise
