- Include your custom inserts to the system box

CAPABILITIES

Industry Training & Knowledge

Our team of engineers & technicians have extensive experience and industry knowledge, averaging 50 years of experience. They are also certified by Cisco, Moxa, Microsoft and more. When you work with MSI TEC, no matter the size of your project or purchase, you'll work with experienced engineers who can help you with product selection, engineering, programming, installation, and product training.

Industrial-Grade Hardware

Rugged, industrial-grade components and hardware built for harsh environments and extreme temperatures. Guaranteed long life cycles.

U.S. Based Support

MSI TEC service and support is based in the USA. We have engineering and sales offices across the west who are available for product support, training and trouble-shooting.

Customer Driven

We are a solutions and service provider in the complete sense of the word. The driving force behind everything we do is to serve our customers and become a partner in your success.

Our clients exist in almost every industry including

Aerospace

Automotive

Machine Tool

Process & Discrete Manufacturing

Transportation

Energy

Food & Beverage

Medical Packaging

Semiconductor

and many others!
