Day 4: What does CS mean to you?

It's time to get creative! Think about what Computer Science really means and why it's important. Then take a photo, write a poem, create a video, or draw a picture that represents your definition of Computer Science.

Post your creation to Twitter, Facebook, or Instagram and don't forget to tag us at @GetPiTop and include the hashtags #pitopDay4 and #CSEdWeek on your submission.
