

# Sample Closing Speech

Welcome back!

I wanted to say thank you to all the teams for participating, and for our team leaders who volunteered their devices to use! It was great watching you all work together to complete the challenges as quickly as possible.

Did everyone have a great time?

Does anyone want to share something that they took away from working with your team?

Who would you say is the MVP of your team?

Which was the most challenging task you had to complete?

Before we wrap up our event today, I wanted to announce the winners. Team Leaders, if you still have your application open you can view the winners by clicking into the 'Leaderboard' tab.

Today's top team with the most points is \_\_\_\_\_. Congratulations!  
Have a great rest of the day!
