## Customized Modular Cabinetry

---

- High quality cabinets created by European artisans
- Sustainable, timeless design built to last a lifetime
- Made from powder-coated steel and wood
- Soft-close slides and hinges
- Cabinets delivered fully assembled
- Engineered for easy installation
- Adjustable feet to accommodate uneven flooring
- Residential and commercial installation

Our collection of modular cabinets are made simple for the modern home. Inspired by classically rooted European design, this collection features custom modular cabinets that can transform a space to be sophisticated yet functional.

Our modular cabinets can be placed anywhere in the home and can stand alone or be combined with others for a customized look. The free-standing design allows for the cabinets to move with you wherever you go.

Cabinetry available in a variety of styles and sizes. The Trash Base Cabinet is 24" wide and features a pull-out hardwood cutting board with a removable insert for easy disposal of waste. Perfectly positioned to hold a large bin.

Our flagship store in Atlanta, GA showcases white base cabinets connected on either side of a large stovetop. An island created from black base cabinets makes a statement in the center of the store.

The etúHOME Charleston retail store features two complete modular kitchens. The front of the store showcases our standard white base cabinets paired with a sky-blue island as an accent pop. Moving to the back of the store is a display of black base cabinets finished with a dark marble countertop for a moody aesthetic.

Stand single units alone or combine to make a statement in your kitchen. The 2-Drawer Base Cabinet is available in three sizes and features an upper hidden drawer for maximum storage.
