

# Network Technology

## Unmanaged Switches

### **Made in Germany:**

- The complete product family is manufactured in Germany

### **Compact Design:**

- Plastic housing
- Slim design: 4 and 6 port versions
- Less than 150mm tall
- DIN rail mounting
- Push-in connection technology
- Cost-effective in the new design
- ProfiNet prioritization

### **For Worldwide Use:**

- UL listed

### Save Space in the Control Cabinet:

- Extremely thin, space-saving and robust IP20 housing

### Maximum Flexibility:

- Available in 5-, 8- and 16-port versions
- DIN rail or wall mounting
- Push-In clamp
- ProfiNet prioritization
- Fast system recovery after module replacement

### For Worldwide Use:

- UL listed

### Power and Data in One Cable:

- PoE+ with up to 25.4 W
- With 24 V or 48 V power supply
- Plug and Play
- ProfiNet prioritization
- Fiber optic cables can be connected via Small Form-factor Pluggables (SFP's)

### Versatile:

- 24 V, 4 Port PoE + 4 Port Ethernet
- 24 V, 4 Port PoE + 4 Port Ethernet + 2 Port SFP
- 24 V, 8 Port PoE
- 48 V, 4 Port PoE + 1 Port Ethernet
- 48 V, 4 Port PoE + 1 Port Ethernet + 1 Port SFP

### For Worldwide Use:

- UL listed
