

Registration questions

A template for your mentorship program registration

You need information on mentors and mentees to make relevant pairing decisions. Here are several important questions to ask participants when they join your mentorship program.

Profile questions

1. How many years have you spent in your professional career to date?
2. How many years have you spent in your current role to date?
3. What is your current professional discipline?
4. What other professional disciplines are you interested in learning more about or prefer your mentor to be from?
5. What other professional disciplines/functions do you have experience in, either here or at other employers?

Skill questions

1. [Soft Skills] Which skills are you looking to grow and develop through this program?
2. [Soft Skills] Which skills are your greatest strengths, which you can mentor on?
3. [Goals] Which goals do you hope to achieve through this program?
4. [Goals] Which goals or accomplishments have you achieved in the past, which you can mentor on?

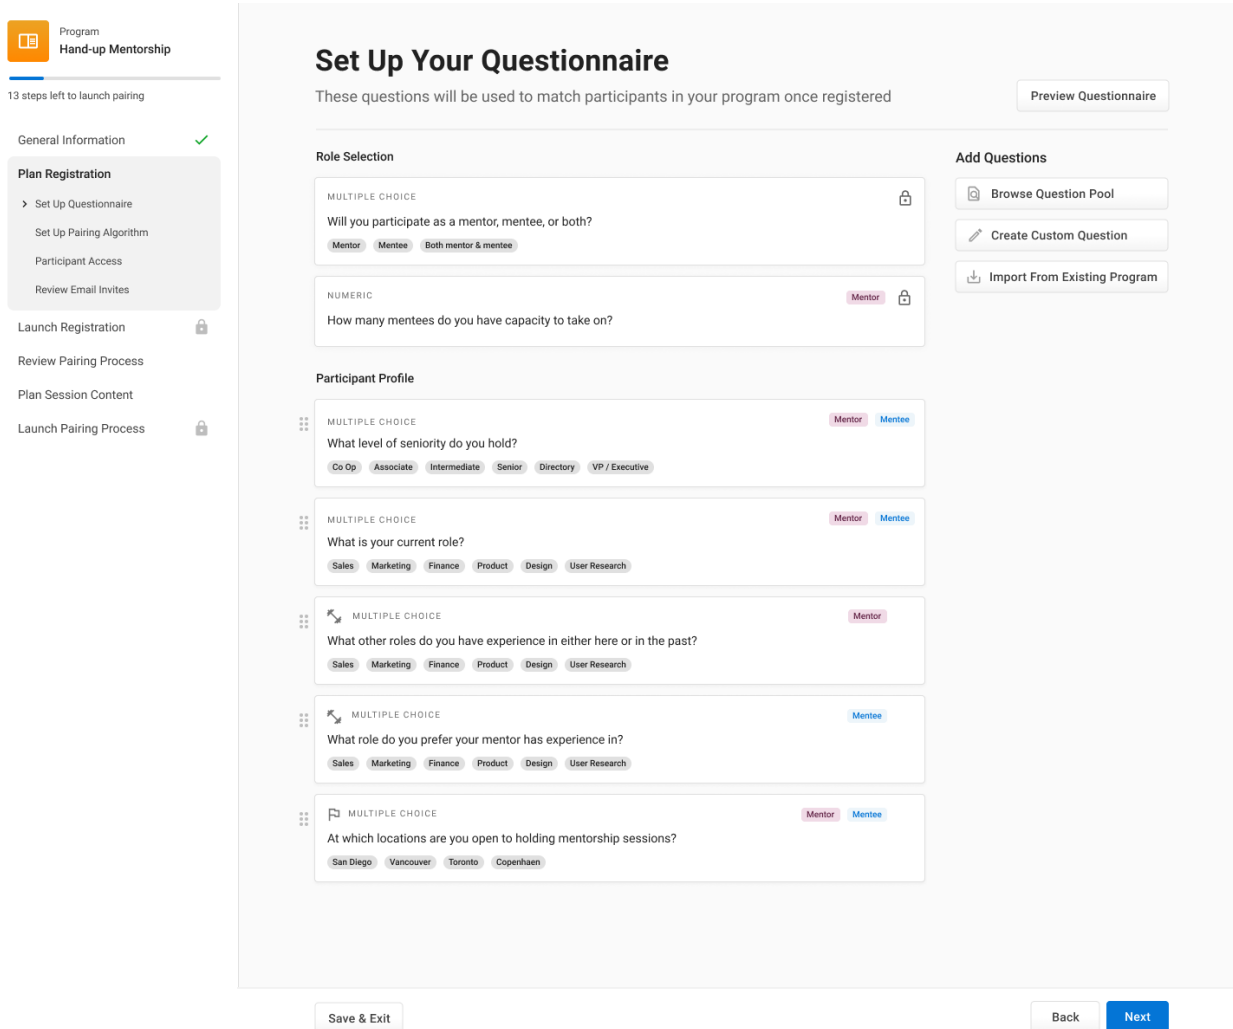

Experiences

1. Describe any experiences or learnings you are hoping to get from this mentoring program.
2. Describe any experiences or topics you can help with as part of this mentoring program.

Ready to launch registration?

Together's mentorship platform automates the registration process and makes it easy to set up employees as mentors and mentees.
