---

We at STAT Communications thank -you for being our loyal customers during our 50 years of servicing the North Country. We are very excited to announce that STAT Communications and Doyle Security Systems are merging our operations for the benefit of all our customers. You can expect to see all the same faces and hear all the same voices that have taken care of all your security needs in the past as the staffing will remain the same.

Doyle Security is a family owned security provider, founded in Rochester, NY, in 1919. Doyle is the parent company of Unicom Protection which STAT Communications has worked with for years. STAT Communications prides itself on customer satisfaction while delivering caring and professional service to our customers. Joining the Doyle Security family will enable STAT Communications to stay closer to our geographic area and better serve our customers.

In the near future you will receive a welcome letter of introduction from Doyle Security that will provide you with additional information about the merger. Doyle Security has offices in Albany, Syracuse, Buffalo, Olean, Fishkill, Catskills, Erie Pa, Rochester and now Watertown. The merger will allow STAT to offer a larger array of resources to better serve you.

Our STAT family of employees want to thank-you for your loyalty and support over the past 50 years. We would sincerely appreciate the opportunity to continue serving you the next 50 years.

Thank you,

Bruce Morgia

CEO

STAT Communications
