### January 28<sup>th</sup> 2019 Meeting Speakers

The third Monday of January is a holiday, therefore we choose January 28<sup>th</sup> as our meeting date.

Getting the Most Out of Your California Special Districts Association (CSDA) Membership (value added programs, website resources, CSDA's Communities, Cal Trust, CSDA's Commercial Card, and CSDA's strategic direction). The planned speakers are Neil McCormick CSDA CEO and Rick Wood CSDA Finance and Administration Director.

If possible we will invite the video contest winners to the meeting and recognize them for their winning videos

### Senate Bill 929 (McGuire) has been signed into law

As has been previously reported, SB 929 is the legislation that California Special Districts Association (CSDA) brought to Senator McGuire that will require all independent special districts to maintain a website - with specified exemptions. SB 929 promotes accountability of special districts, while striking a delicate balance between promoting transparency and ensuring local flexibility while recognizing the cost barriers and technical limitations inherent in some communities.

Passage of SB 929 was made possible in no small part thanks to the efforts of those local agencies which responded to CSDA's Call to Action, demonstrating how special districts are committed to empowering their local communities and promoting effective-yet-thoughtful approaches to governmental oversight. SB 929, which goes into effect on January 1, 2020, requires all

independent special districts to maintain a website conforming to all existing requirements that local agency websites are obligated to follow, and the website must clearly list the contact information of the independent special district. Importantly, independent special districts exempted from these requirements are those that adopt a resolution that contains the following information:

A determination that a hardship exists that prevents the district from establishing and maintaining a Web site, and detailed findings noted in the official meeting minutes supporting the related hardship. Such hardships can include but are not limited to: inadequate access to broadband communications, significantly limited financial resources, or insufficient staff resources. CSDA would like to thank those who sent in letters of support on SB 929. Your actions demonstrate how districts truly are stronger together.

### Save the date for 2019 California Special Districts Association Annual Conference

September 25-28 in Anaheim, CA to celebrate the 50th Anniversary!

Let's make Contra Costa Special Districts proud and submit submissions for the CSDA Awards. Exceptional Public Outreach (Large District Category), Exceptional Public Outreach (Small District Category), Innovative Program/Project of the Year (Large District Category), Innovative Program/Project of the Year (Small District Category), Staff Member of the Year, Board Member of the Year, General Manager of the Year, and Chapter of the Year.

If you have any questions on how to submit an award application for 2019, please contact Editor-Communications Specialist Vanessa Gonzales (877) 924-2732 or [vanessag@cgsda.net](mailto:vanessag@cgsda.net)

**Los Vaqueros Expansion Wins State Funds**

The Bay Area's largest drinking water reservoir has reached a major milestone toward another expansion. In late July, the California Water Commission approved all \$450 million requested by Contra Costa Water District and its 14 potential partners to build new infrastructure and increase Los Vaqueros Reservoir's storage capacity by 72, which would improve water security for you and others in the...
