Remote Office Solution with 3CX

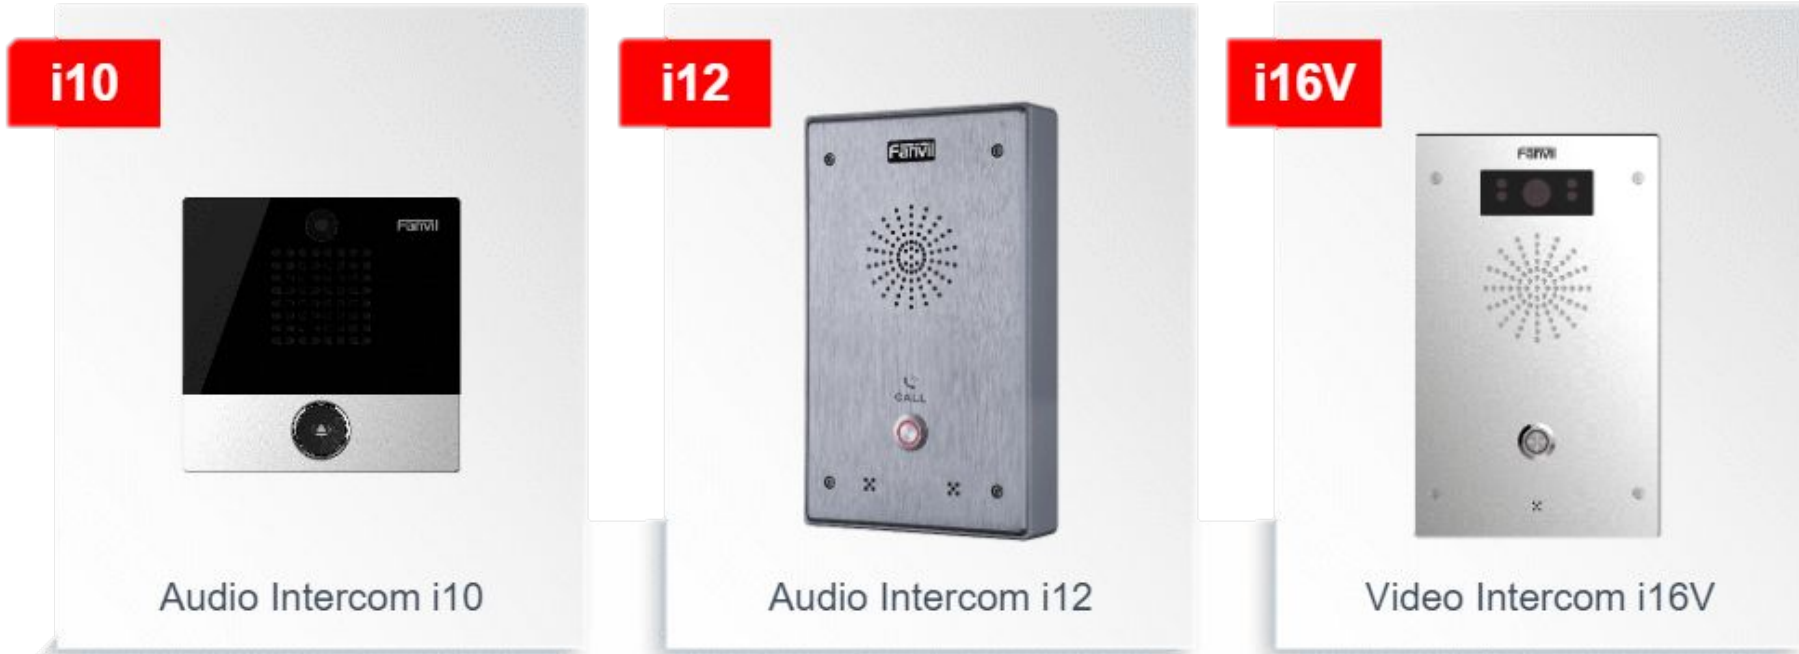

- Free to get 3CX software license.
- Easy setup. Take only a few minutes to configure your IP Phones.
- WiFi connectivity through USB dongle(WF20)
- Secure calls with end-to-end encryption.
- Smartphone apps and a web app allow users to make and receive calls, see the status of their colleagues, chat, schedule conferences and access the company phonebook, all from their mobile devices or laptop.

Remote Office Provisioning with 3CX and Monitor with FDMCS

- **Primary:** Use Standard 3CX Templates to deploy phones in bulk
- **Performance monitoring:** With FDMCS, you can easily monitor IP phones in parallel. (optional)

Fanvil i Series SIP Indoor Station

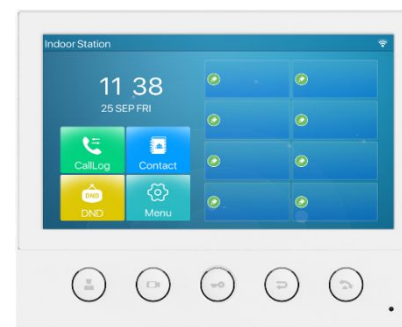

Fanvil i51W/i52W/i53W/i56A is the SIP indoor station with a clear color screen and easy-to-access buttons, which can be applied in different indoor scenarios. Working with door phone and intercom at the entrance, Fanvil indoor station can easily provide remote access security control for residences. It can also be connected to alarms and other intelligent security devices via SIP/rich interfaces.
