# 02

# Highlights

# Fanvil V67 Flagship Smart Video Phone Highlights

Antibacterial Surface Protection

Adjustable Touch Screen

Cool Lighting Keypad

Built-in HD Camera

Audio/Video Mixed Conferencing

Android 9.0 OS

Security Linkage

Built-in WiFi and Bluetooth

Zero Touch Deployment

Two Installation Methods

# Antibacterial Surface Protection

Antibacterial material of the handset and keypad surface effectively inhibits more than 99.5% of bacteria growth. We protect your health during the special period.

* It is available for V67/V65

# Adjustable Touch Screen,
# Enjoy Your View

V series has a brand new elegant design with the sleek edge and a big screen. 7"adjustable touch screen of V67 allows you to adjust the viewing angle from 0-40° under different lighting environments, making it easier to read the messages no matter you are sit or stand at the table.

40°

* It is available for V67/V65

# Cool Lighting Color, Show Off Your Keypad

The inspiration for cool lighting keypad in V67 comes from the luxury car interior. The lighting not only pleases your eyes but also improves your work efficiency as a status indicator.

# Audio/Video Mixed

# Conferencing, Connect More

- V67 supports 10-party audio conferencing (including 2-party video calls) and 3-party video conferencing

- The conference management mode enables you to manage the conference efficiently, such as hold, remove, and mute the call of participants
* V65、V64、V62 support 6-party audio conferencing

# HD Audio and Video,
# Catch Every Detail

- V series delivers HD audio clarify with Opus, G.722 audio codec, Noise Reduction technologies and Full-duplex AEC

- V67 features a built-in 5 Mega-pixel 1080P camera with a privacy cover, providing you an enjoyable HD video collaboration

# Android 9.0 OS,
# Support More Possibilities

- Based on Android 9.0 operating system, V67 provides a comprehensive SDK (developer kit) to meet the customization needs of industry applications and secondary development

# Built-in WiFi and Bluetooth, More Flexible Connectivity

- WiFi can be used for a mobile office, keep the desktop clean and tidy, and cast the screen through miracast, which is more suitable for small video conference

- V series also features Bluetooth 5.0 for pairing with headsets and mobile phones to help you to handle multitask

- USB interface can connect USB flash disk and headset

**WiFi**   **Bluetooth**   **USB**

\* Available for V67, V65, V64

# Available to Link
# with Security Products

- Compatible with SIP standard and major mainstream platforms, V series can be easily customized into various security solutions for reducing investment
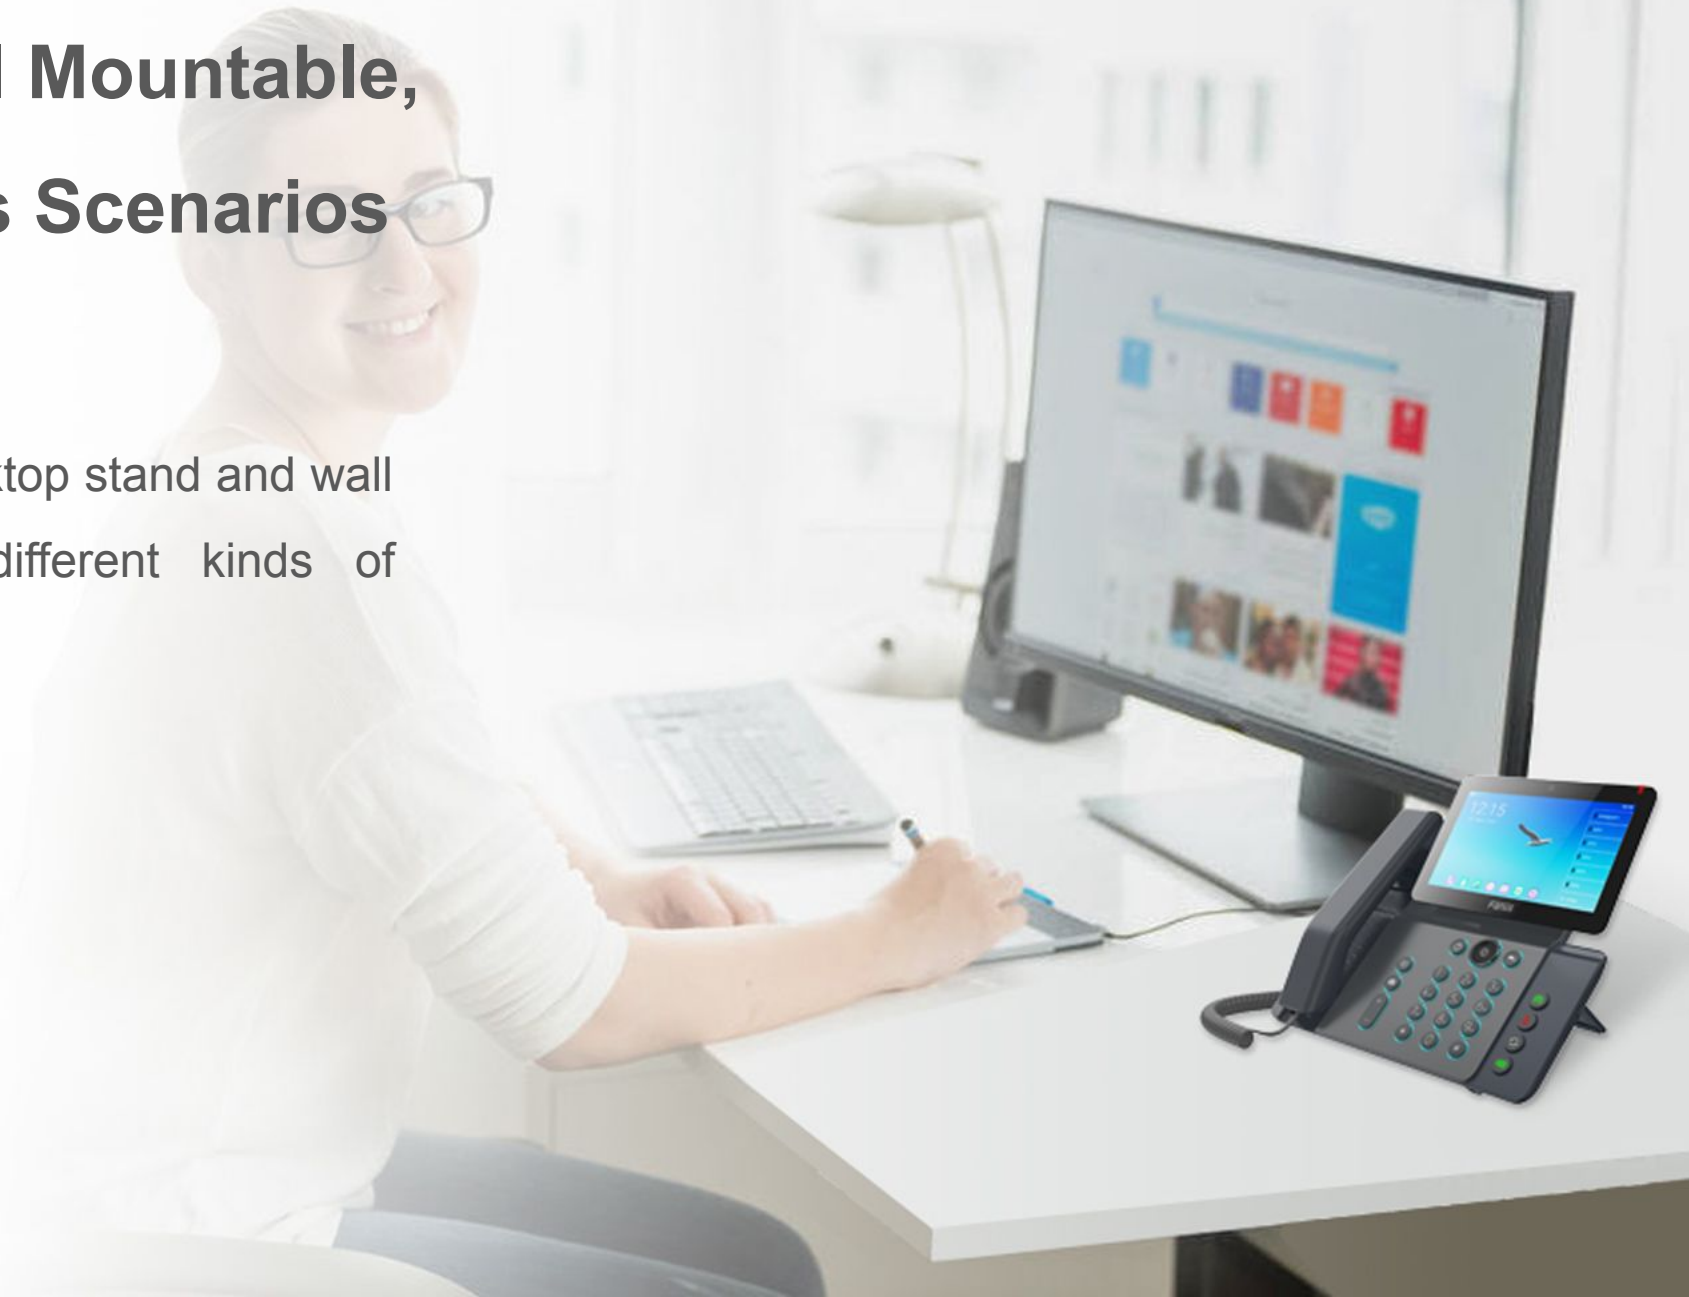

**SIP**

# Zero Touch Deployment

- Fanvil Device Management Cloud System (FDMCS) enables users to realize plug-and-play and efficient auto-provisioning online, realizing the remote management and upgrade

# Desktop Stand/Wall Mountable, Suitable for Various Scenarios

Two installation methods of desktop stand and wall mountable are suitable for different kinds of application scenarios.
