Tenants and occupants are the life blood of the property and the business. The Tenant User Portal helps property managers deliver a high level of service and promote the building with a dedicated user interface. Each property provides their tenants with fingertip communications and a record of all their activities. Customized with logos and specific building information, Tenant User Portal enhances service and satisfaction. Configurable tools deployed for your business processes.

Tenant Services:

- Enter Work Orders
- View Work Order reports
- Enter Resource Reservations
- View Building Handbook
- View Building Documents
- Announcements Alerts
- Permission Level Access

Results:

- Enhanced service delivery
- Improved Efficiency
- Improved communications
- Increased satisfaction
