How DealHub CPQ Compares

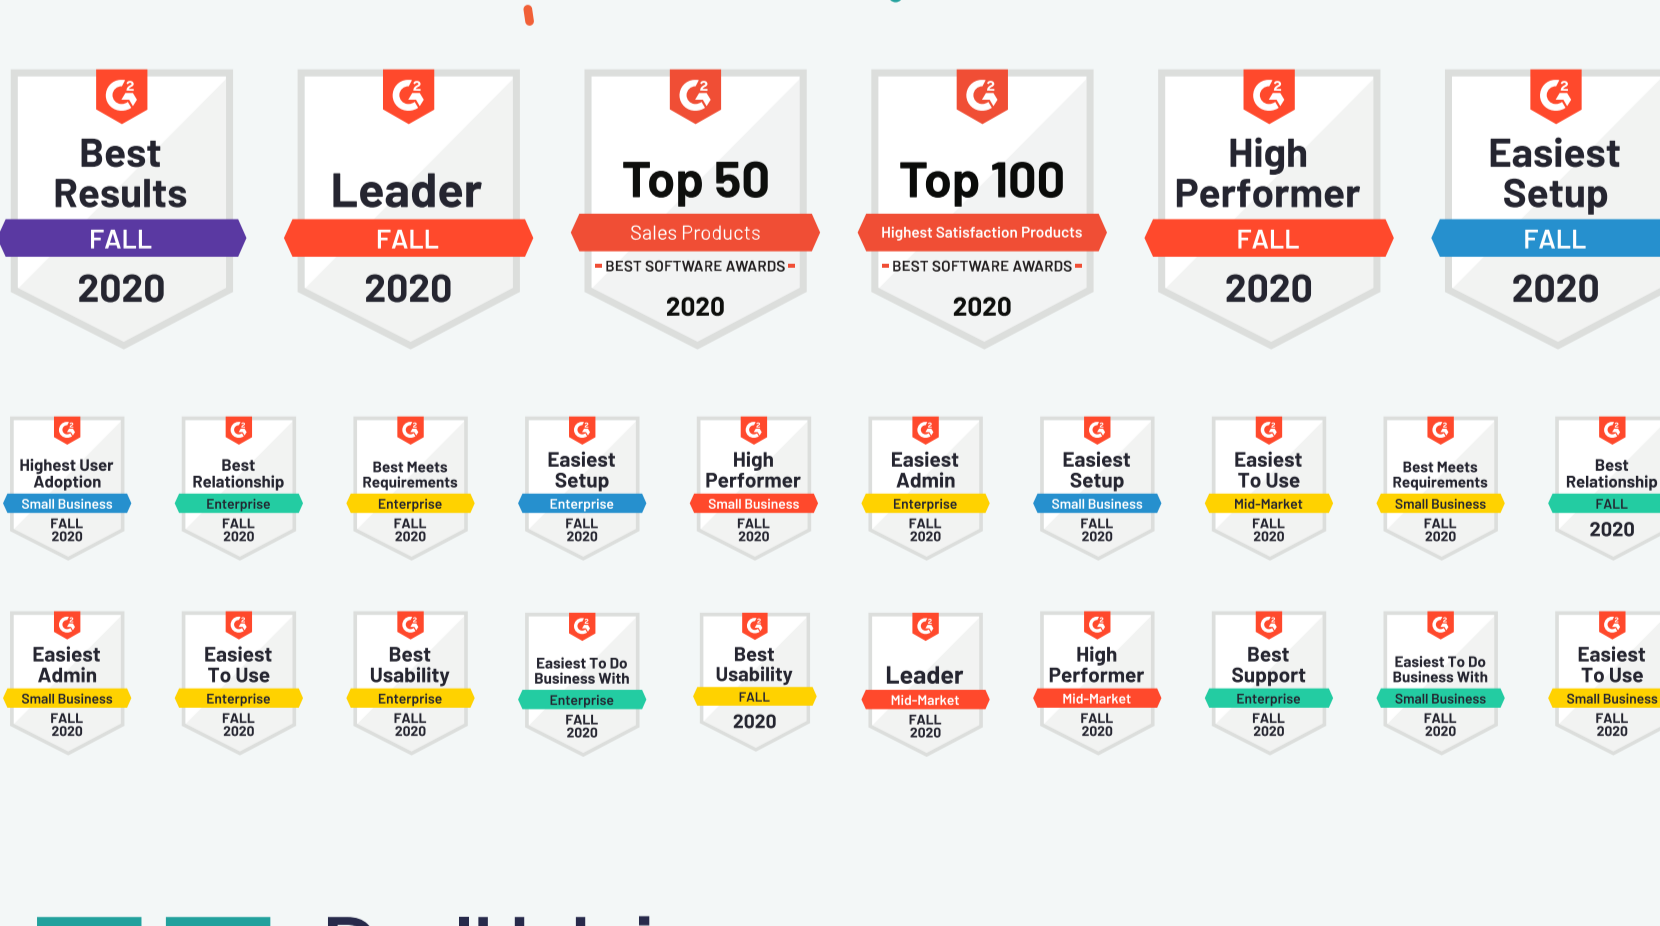

Dealhub is the best quoting tool the market can offer!

"The great benefit of this tool is flexibility which allows you to adjust it to your business needs. From an admin perspective, I can say It's easy to work with and maintain. From the Sales Rep perspective, it's very comfortable to use. I would also add a few good words on the great team of Dealhub, which are very supportive and dedicate to our needs to implement what's best for the business. All the approvals of the quotes, are now be documented in the system. The playbook is a great guidance tool for the Sales Rep."

DealHub.io Awarded Top Marks

DealHub is a great CPQ!

"DealHub is a great tool to easily generate professional proposals and quotes, which are always accurate and personalized to the customer's needs. The Sales Playbook makes it extremely easy to configure the best offering for a relevant customer."

Great CPQ & Sales Engagement tool!

"I like that guided selling flow that makes it really easy for sales reps to generate accurate quotes and proposals very fast and all that data is synced back to the CRM. It also gives us the option to share content in a digital format, that looks really professional and aligned with our brand."
