

November 1, 2021

**To: All Nemco Food Equipment Customers**

**Subject: Price Increase Notice – Effective December 1, 2021**

By now, you have seen the numerous communications within and external to the foodservice industry speaking to the extreme impact and challenges related to supply chain disruptions. These unavoidable factors have resulted in notable increases in raw material and transportation costs.

Effective with all shipments on or after December 1, 2021, Nemco Food Equipment will implement a price change. The price change is the result of cost increases in nearly every aspect of the manufacturing process. Including, but not limited to stainless steel, aluminum, petroleum, corrugated, labor, plastics, etc.

Because of these high increases and restricted availability, we wanted to give you written notice of this price change immediately.

We, at Nemco Food Equipment, very much appreciate your business and support through these unprecedented times!

Regards,

Joe Carcione, CFSP  
Director of Sales
