

Working with **Envoie Projects in NYC**

“ With Northspyre, we have definitely noticed time savings. It takes less than 30 minutes to pull together a draw request, whereas before it took 2-4 hours, depending on how many invoices you had. Not to mention, the time spent double-checking your work to avoid errors that could be incredibly costly for a client.

Adrienne Helper

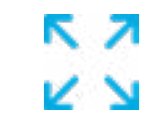

Owner and Founder
Envoie Projects

Northspyre has given me more confidence when pulling together the draw, as it's unlikely that we'll run into those same human-error data entry issues as before. ”

PROJECT TYPE

Varying Client Projects

SIZE

Ranging from 10,000 to 85,000 square feet

FRUSTRATIONS BEFORE NORTHSPYRE

- ❌ Time-consuming and error-prone manual data entry
- ❌ Significant staffing hours spent double- and triple-checking numbers and budget lines to ensure accuracy of spreadsheets and monthly draw requests
- ❌ At least 2-4 hours spent per month per client putting together draw requests packages

SUCCESSES WITH NORTHSPYRE

- ✅ Easy, intuitive digital reporting fueled by automation, saving hours every month
- ✅ A trusted, single source of truth for all client data for faster, more-informed decision-making
- ✅ Happy, impressed clients that were even more confident in firm's services
