

## Working with **Leggat McCall in Boston**

“ The reason why I always suggest Northspyre when people are asking, is that **the access and interest of the leadership of Northspyre - its founders, its coders, its developers - is so much...and that's a unique benefit of working with Northspyre.** ”

### FRUSTRATIONS BEFORE NORTHSPYRE

- ❌ Was searching for a tool to replace spreadsheets + legacy software that wasn't clunky or time-intensive.
- ❌ Highly-talented + capable project teams weren't able to be as efficient as possible due to tedious admin tasks.
- ❌ Ability to easily view, share, analyze and leverage data was limited and impacted decision-making.

### SUCCESSES WITH NORTHSPYRE

- ✅ Able to drive projects forward with accessible information living on the Project Dashboard.
- ✅ Increased efficiency by eliminating generic data entry.
- ✅ Northspyre quickly became an extension of the team, satisfying client requests.
- ✅ Modernized ability to access data + share real-time reports with clients.
