

Job Title: Cable Assembler
Location: Hackettstown, NJ

SCOPE OF RESPONSIBILITY:

The Cable Assembler will work as part of the Automation team and support the efforts to meet or exceed company production targets and expectations. This position requires the ability to read and interpret detailed work instruction, wiring diagrams, and mechanical drawings while following strict assembly processes; use inspection techniques to ensure the highest quality work is performed.

WORK PERFORMED:

- Assemble cables per IPC-A-620(L) requirements
- Set up and operate wire prepping and crimping equipment
- Route and assemble cables and wiring harnesses to mechanical drawings, wire lists and samples
- Manually cut, strip, crimp and tin wires
- Perform cable soldering
- Perform testing of completed cables
- Perform various other tasks as required

The ideal candidate will have some familiarity with the production environment and quality requirements. This position may at times require physical dexterity.

EDUCATION & EXPERIENCE PREFERRED:

- Minimum HS/GED diploma required
- Able to read and follow assembly drawings
- Understanding of cable assembly processes
- Understand IPC-A-620(L) requirement
- Able to complete task with minimal supervision

Due to Military affiliations, we are unable to sponsor candidates who require a Visa. Candidates MUST be a U.S. Citizen or a Permanent Resident/Green Card Holder.
