Manager's Report

Introduction

As detailed in the previous section entitled 'General Information', SMP High Income Fund PLC (the "Fund") is managed by Suntera Fund Services (IOM) Limited (the "Manager") and the investment manager is Aberdeen Asset Managers Limited (the "Investment Manager"). That section also details the Directors, the Company Secretary, the Fiduciary Custodian and the Auditor.

The Fund is an Authorised Scheme for the purposes of the Collective Investment Schemes Act 2008. The Fund is established as an open-ended investment company and is managed in the Isle of Man under the Companies Acts 1931 to 2004 and in accordance with the Authorised Collective Investment Schemes Regulations 2010 (the "Regulations"). The Fund has elected to be a type A scheme for the purpose of the Regulations. In accordance with the Regulations, the Fund complies with the Statement of Recommended Practice for Authorised Funds issued by the Investment Association in May 2014 (the "SORP") and includes the portfolio statement as part of the Manager's report. The Fund was originally established and authorised on 3 March 1989.

Important information

The Annual Report & Audited Financial Statements for the year ended 30 September 2020 (together with the Abbreviated Annual Report for the year ended 30 September 2020 that has been sent to all registered shareholders) may be viewed on our website - www.suntera.com and are available for inspection at the registered office of the Fund. The website also provides daily pricing information for the Fund.

If shareholders have any questions regarding the Fund please contact our Shareholder Services Team on 01624 682224 - or by email to fund.services@suntera.com.

Investment objective, policy and strategy

The purpose of the Fund is to provide investors with a high income, before taxation, from a managed portfolio of fixed-interest securities, denominated in sterling and other currencies, with net income distributed on a quarterly basis.

Investment Manager's overview for the year ended 30 September 2020

Market review

Corporate and government bond returns were positive over the period, largely fuelled by falling government bond yields across developed markets. Investment-grade issues saw solid returns, while the high-yield sector was more turbulent. Covid-19 hit economies and companies in 2020, leading to fears over the creditworthiness of the high-yield sector.

Gilt yields rose in November and December 2019, driven by improving global macroeconomic data, the US and China closing in on a trade deal, and the UK general election out of the way. The mood changed abruptly in January. As the scale of China's coronavirus outbreak became apparent, markets looked at its potential effect on global growth prospects.

Boosted by a subsequent large downward move in government bond yields, returns for sterling corporate bonds were strong in January. However, they suffered in February on investors' perception of corporate bonds as higher-risk assets. Investment-grade corporate bonds were badly hit in March, faced with the double effect of the coronavirus and a precipitous fall in the oil price. High-yield and emerging-market bonds fared even worse, with the former pricing in a significant rise in default rates over the coming months. Since April, there has been a broad recovery and stabilisation. Moreover, the major central banks have all purchased corporate bonds through their stimulus programmes.

Bond issuance has been high, with many companies taking advantage of low yields to refinance debt or raise funds to cushion economic uncertainty. But bond prices began to fall in September – investors sold out of riskier debt, concerned about the potential for rising defaults in an uncertain economy.

Manager's Report (continued)

Investment Manager's overview for the year ended 30 September 2020 (continued)

Performance and activity of the Fund

The Fund outperformed the market over the 12-month period. Real estate has been one of our top-performing sectors, notably housing developer London & Quadrant. Banks and the technology, media and telecoms sector have also been positive for the Fund. Conversely, transport sector holdings have been the biggest detractor for the Fund – Gatwick and Heathrow airport bonds were hit when Covid-19 hit the transportation sector.

Looking at activity, in early 2020 we sold down holdings with Covid-19 sensitivity, including Intercontinental Hotels and Heathrow. In the second quarter, we used price weakness as an opportunity to buy – including a new issue from BP, selling Mexican telecoms firm América Móvil. Recently we trimmed our holdings in brewer AB InBev, Tritax Big Box REIT and supermarket group Morrisons, which have performed strongly over the coronavirus pandemic. We added a new position in Next, which has shown resilience due to its large online business.

We reduced our holding to the financial sector in late 2019, selling down M&G and Barclays. This continued in early 2020, when we reduced our exposure to HSBC in February, due to political unrest in Hong Kong and mounting concern over the coronavirus. We bought Barclays 10% 2021 bond due to its short-dated nature and very high yield given little default risk, and some attractively priced Royal Bank of Canada 2026 bonds. In recent months, we have added a position in Danske Bank and bought HSBC Tier 2 bonds, both of which had traded at low levels. In addition, we bought a new issue by Virgin Money.

Outlook*

We remain positive on credit given that there are plenty of technical tailwinds to help markets. The Bank of England may have stopped buying for now, but there is every expectation it will have to start up again in early 2021 once markets have felt any impact from Brexit at the year-end. Sterling markets offer investors a modest real return even if all they receive is yield. On that basis, they still look attractive to international and domestic buyers alike. Lastly, many companies are now talking more about balance-sheet repair than expansion. This should help them avoid the worst impacts of a rise in Covid-19 infections and a return to stricter measures to control the spread of the virus.

** Investments markets and conditions can change rapidly and as such, the views expressed should not be taken as statements of fact nor should reliance be placed on these views when making investment decisions.*

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Directors' Report

The Directors have pleasure in submitting the Annual Report & Audited Financial Statements of the Fund for the year ended 30 September 2020.

Introduction

The principal activity of the Fund is the investment into a managed portfolio of predominantly fixed-interest securities, denominated in sterling and other currencies, with net income distributed on a quarterly basis.

Review of activities

The results of the Fund are set out on page 13. The change in net assets attributable to holders of participating redeemable preference shares from investment activities during the year was an increase of £281,781 (2019: increase of £2,150,864). Interim distributions paid during the year were £611,290 (2019: £742,193) and a final distribution of £189,675 (2019: £235,529) has been paid on 16 November 2020.

Directors

The current Board of Directors are:

William Juan Clarke (Non-executive Director)

Juan was appointed a Director in March 2012 and has continued in a non-executive capacity since the divestment of the Fund's former Manager from the Lloyds Banking Group in 2015. Up until March 2016 Juan was Managing Director of the Clerical Medical International (CMI) Group of Companies comprising trust, fund management and venture capital investment companies and Scottish Widow's offshore insurance arm, CMI Insurance Company Limited (now known as RL360 Life Insurance Company Limited). He has over 35 years' experience, initially joining Barclaytrust in 1982 and moving to CMI in 1991, having held various senior positions specialising in insurance, investments and fund management. Juan is a board member of the Isle of Man Financial Services Authority, appointed in March 2016, and is a Non-executive Director of a Lloyds Banking Group fund based in Luxembourg. He is a Chartered Fellow of the Chartered Institute for Securities and Investment and has Chartered Wealth Manager status with the Institute. Juan was appointed Chairman on 11 March 2019.

Graeme Michael Easton (Non-executive Director)

Graeme was appointed a Director in March 2019. He is a Fellow of the Institute and Faculty of Actuaries, holds the Institute of Directors' Diploma in Company Direction and has a Mathematics degree from Cambridge University. He has 35 years' experience in financial services, initially with Sun Life (which became AXA) in the UK and then AXA, Zurich and Canada Life in the Isle of Man. He has held a number of senior roles including Appointed Actuary, Compliance Officer, Chief Financial Officer and Executive Director. Graeme is the Non-executive Chairman of Hansard Global plc and Hansard International Limited and a Non-executive director and Chairman of the Audit Committee of Hansard Europe dac. He is a past Chairman of the Manx Actuarial Society.

Robert Keith Corkill

Appointed a Director in June 2018, Keith is also a director of the Manager. He is a member of the Institute of Chartered Accountants in England and Wales and has a Mathematics degree from Southampton University. Keith trained with Coopers and Lybrand (now PwC) and since qualifying as a chartered accountant in 1994, he has worked in the field of fund administration including senior positions with GAM Administration Limited, BoE International Fund Services Limited and latterly as a founder member and director of Chamberlain Fund Services Limited which was acquired by the Manager in 2013.

Scott William Bowden

Scott was appointed a Director in March 2019 and from 1 May 2020 is now also a director of the manager. He has over 15 years of financial services experience, initially spending 5 years at Clerical Medical International gaining experience in investments, currency dealing and system development before moving into the funds' industry in 2006 spending 3 years at an investment management company before joining Chamberlain Fund Services Limited in 2010, which was subsequently acquired by the Manager. Scott was prominently involved in the transfer of the Fund from the previous manager and is involved operationally on a day to day basis.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Statement of Directors' Responsibilities in respect of the Annual Report & Audited Financial Statements

The Directors are responsible for preparing the Annual Report and the financial statements in accordance with applicable Isle of Man law and regulations.

Company law requires the Directors to prepare financial statements for each financial year.

The Directors have elected to prepare the financial statements in accordance with United Kingdom accounting standards, comprising Financial Reporting Standard 102: "The Financial Reporting Standard Applicable in the UK and Republic of Ireland" ("FRS 102").

The financial statements are required by law to give a true and fair view of the state of affairs of the Fund and of the net revenue/(expense) and the net capital gains/(losses) of the property of the Fund for the period.

In preparing the financial statements, the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable United Kingdom accounting standards, comprising FRS 102, have been followed, subject to any material departures disclosed and explained in the financial statements; and
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in business.

The Directors are responsible for keeping proper accounting records that are sufficient to show and explain the Fund's transactions and disclose with reasonable accuracy at any time the financial position of the Fund and to enable them to ensure that the financial statements comply with the principal constitutional documents, the Statement of Recommended Practice for Authorised Funds issued by the Investment Association in May 2014 (the "SORP"), the Authorised Collective Investment Schemes Regulations 2010 and the Isle of Man Companies Acts 1931 to 2004. They are also responsible for safeguarding the assets of the Fund and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Directors are responsible for the maintenance and integrity of the Fund's section of the Manager's website. Legislation in the Isle of Man governing the preparation and dissemination of financial statements may differ from legislation in other jurisdictions.

By order of the Board

R K Corkill
Director

R K Corkill
Director

S W Bowden
Director

The notes on pages 15 to 23 form part of these financial statements.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Notes to the Financial Statements

1. Accounting policies

- a The financial statements on pages 13 to 23 have been prepared in compliance with applicable United Kingdom accounting standards, comprising Financial Reporting Standard 102: The Financial Reporting Standard applicable in the UK and Republic of Ireland ("FRS 102"), the Authorised Collective Investment Schemes Regulations 2010, Isle of Man Companies Acts 1931 to 2004, and the Company's principal constitutional documents.

The financial statements comply with the requirements of the Statement of Recommended Practice for Authorised Funds issued by the Investment Association in May 2014 (the "SORP").

The financial statements have been prepared on a going concern basis, under the historic cost convention, as modified by the recognition of certain financial assets at fair value.

The functional currency of the Fund is GBP, as all its investments are denominated in GBP, its performance is measured and reported in GBP and all shares are denominated in GBP. The Fund's presentation currency is GBP.

The preparation of financial statements in conformity with FRS 102 requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the company's accounting policies. In the opinion of the Directors, there are no critical accounting estimates or areas of significant judgement made in the preparation of these financial statements.

b Financial instruments

Financial assets:

Basic financial assets, including trade and other receivables and cash at bank, are initially recognised at transaction price, unless the arrangement constitutes a financial arrangement, where the transaction is measured at the present value of the future receipts discounted at a market rate of interest. Such assets are subsequently carried at amortised cost using the effective interest method.

At the end of each reporting period, financial assets measured at amortised cost are assessed for objective evidence of impairment. If an asset is impaired, the impairment loss is the difference between the carrying amount and the present value of the estimated cash flows discounted at the asset's original effective interest rate. The impairment loss is recognised in the statement of total return.

Investments are initially measured at fair value, which for the purposes of the valuation of the units in the Fund is the mid price.

Such assets are subsequently carried at fair value and the changes in fair value are recognised in the statement of total return. From 4 June 2018 the Fund changed from a dual bid - offer pricing basis to a single pricing basis using the mid price as the fair value of its investments. For the purposes of valuation for the financial statements bid price has been used. There is no material difference between the two.

Financial assets are derecognised when (i) the contractual rights to the cash flows from the assets expire or are settled, or (ii) substantially all the risks and rewards of ownership of the asset are transferred to another party or (iii) despite having retained some significant risk and rewards of ownership, control of the asset has been transferred to another party who has the practical ability to unilaterally sell the asset to an unrelated third party without imposing additional restrictions.

Financial liabilities:

Basic financial liabilities, including accruals, are initially recognised at transaction price, unless the arrangement constitutes a financial transaction, where the debt instrument is measured at the present value of the future receipts discounted at a market rate of interest. Debt instruments are subsequently carried at amortised cost, using the effective interest method.

Financial liabilities are derecognised when the liability is extinguished, which is when the contractual obligation is discharged, cancelled or expires.

- c Cash and cash equivalents includes cash at bank, deposits held at call with banks or other short-term highly liquid investments with original maturities of three months or less.
- d Interest receivable on bank deposits and investments in debt securities is recognised on an accruals basis in accordance with the SORP.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Notes to the Financial Statements (continued)

1. Accounting policies (continued)

- e** Amounts due from and to brokers represent receivables for securities sold and payables for securities purchased that have been contracted for but not yet settled or delivered at the balance sheet date respectively.
- These amounts are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less any provision for impairment in respect of amounts due from brokers.
- f** Gains and losses on disposal and revaluation of investments in debt securities are recognised in the statement of total return and the total return after distributions is taken to the capital reserve.
- g** The premium received on the issue of participating redeemable preference shares is credited to the share premium account. On redemption of participating redeemable preference shares the premium repayable is debited to the share premium account. Should the share premium account be fully utilised, premiums on redemption will be charged against other realised capital reserves.
- h** All participating redeemable preference shares issued by the Fund provide the investors with the right to require redemption for cash at a value proportionate to the investor's share in the Fund's net assets at the redemption date. In accordance with FRS 102 such investments give rise to a financial liability for the present value of the redemption amount.
- i** The Fund has, in accordance with the SORP and FRS 102 section 7.1A (c), exercised its right of exemption from preparing a cash flow statement.
- j** All expenses are recognised on an accruals basis and charged against revenue.

2. Equalisation

Equalisation is accumulated net income included in the price of the shares purchased and sold during the year. Equalisation on shares purchased is included as part of a shareholder's first distribution.

3. Distributions

The net revenue available for distribution by the Fund at the end of each distribution period is paid as a dividend distribution.

4. Management fee

A recurring charge at an annual rate of 0.7% is payable to the Manager each month, calculated daily on the net asset value of the Fund. The investment manager's fee is paid out of the manager's fee.

5. Fiduciary Custodian and sub custodian fees

A recurring charge at an annual rate of 0.035% is payable to the Fiduciary Custodian each month, calculated daily on the net asset value of the Fund (subject to a minimum annual fee of £20,000). In addition, the sub custodian charges the Fund a quarterly safe custody fee for the safe keeping of the Fund's assets.

14. Related party disclosure

RL 360 Life Insurance Company Limited invests in the Fund and the number of participating redeemable preference shares held by them at the balance sheet date was 28,450,884 (2019: 30,335,883). The movement in participating redeemable preference shares held by RL 360 Life Insurance Company Limited in the year is a made up as follows: Shares issued 832,271 (2019: 985,983) for which they paid £475,653 (2019: £540,554), and shares redeemed 2,717,270 (2019: 2,718,801) for which they received £1,535,978 (2019: £1,497,863). Distributions totalling £406,020 (2019: £495,044) were declared in the year on shares held by RL360 Life Insurance Company Limited.

At the balance sheet date, £303,406 was owed from the Manager to the Fund (2019: £300,009 owed from the Manager to the Fund) in respect of Nominal shares issued.

The Manager holds the Management shares in the Fund. The shares were issued at par for £10 (2019: £10) which was owed to the Fund by the Manager at 30 September 2020 and 2019.

Keith Corkill and Scott Bowden are also directors of Suntera Fund Services (IOM) Limited which is Manager to the Fund.

The management fee payable to the Manager is detailed in Notes 4 and 8.

The investment management fees due to Aberdeen Asset Managers Limited are paid by the Manager.

The fees paid during the year to the non-executive directors are disclosed in note 8.

Management shares are not redeemable, have no voting rights and do not entitle the holder to receive any dividends. On a winding-up, shareholders are entitled to receive the balance after the nominal and participating redeemable preference shareholders have been paid.

Nominal shares are issued at par to provide funds for the redemption of the nominal value of participating redeemable preference shares. They may be converted into participating redeemable preference shares. They have no rights or rights to dividend. On a winding up, the shareholders are entitled to the nominal value of the shares after the participating redeemable preference shareholders have been paid.

Participating redeemable preference shares are classed as financial liabilities and confer the right to a proportionate share in the property of the Fund and to dividends as determined by the Directors. They may be redeemed on any dealing day. Each share carries one vote. On a winding-up, the shareholders are entitled to a share of the assets available for distribution in accordance with their respective interest in the property of the Fund before other shareholders are paid.

	32,344,373	33,980,283

17. Financial instruments

The purpose of the Fund is to provide investors with a high income, before taxation, from a managed portfolio of fixed-interest securities, denominated in sterling and other currencies, with net income distributed on a quarterly basis. In pursuing this investment objective, the Fund holds a number of financial instruments. The Fund's financial instruments comprise debt securities, cash balances, debtors and creditors that arise directly from its operations, for example, in respect of sales and purchases awaiting settlement, amounts receivable for share issues and payable for share cancellations and debtors for accrued revenue.

The Fund's financial instruments consist of the following categories:

	30.09.2020	30.09.2019
	£	£
Financial assets at fair value through profit or loss - debt securities	31,177,759	33,597,520
Financial assets at amortised cost:		
Debtors	777,925	1,021,043
Cash at bank	978,026	459,303
Financial liabilities at amortised cost:		
Creditors	(285,921)	(797,564)

The main risks arising from the financial instruments are market risk, liquidity risk and credit risk. The Fund's policies for managing these risks are summarised below and have been applied throughout the year.

Market risk

Market price risk

Market price risk, being the risk that the value of the Fund's investment holdings will fluctuate as a result of changes in market prices caused by factors other than interest rate movements.

Market price risk represents the potential loss the Fund might suffer through holding market positions in the face of price movements. The Fund's Investment Manager regularly reviews the asset allocation of the portfolio in order to minimise the risk associated with particular sectors whilst continuing to follow the investment objectives. The Fund's Investment Manager has responsibility for monitoring the existing portfolio selected in accordance with the overall asset allocation parameters described in the Scheme Particulars and seeks to ensure that individual stocks also meet the risk reward profile that is acceptable.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Notes to the Financial Statements (continued)

17. Financial instruments (continued)

Market risk (continued)

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Interest bearing assets held by the Fund are cash balances and fixed and floating rate debt securities.

Below is an analysis of the financial assets, analysed between fixed rate, floating rate and non-interest bearing.

	Floating rate financial assets £	Fixed rate financial assets £	Financial assets not carrying interest £	Total £
30 September 2020	4,713,526	27,442,259	777,925	32,933,710
30 September 2019	6,174,508	27,882,315	1,021,043	35,077,866

At 30 September 2020, for fixed rate securities, had market interest rates strengthened by 1% (2019: 1%) the net assets attributable to holders of participating redeemable preference shares would have decreased by £2,181,660 (2019: £2,275,197).

A weakening of the interest rate would have resulted in an equal and opposite effect on the financial statements, assuming all other variables remained constant.

The Fund has no financial liabilities other than short-term creditors and participating redeemable preference shares.

Interest receivable on cash is in general linked to the Bank of England base rate.

	Weighted average interest rate on bonds	Weighted average period for which the rate is fixed
30 September 2020	4.15%	13.72 years
30 September 2019	4.15%	11.47 years

The maturity of the non-interest bearing instruments is less than a year.

Floating rate bond interest is calculated using daily published rates.

Fair value of financial assets and liabilities

There is no material difference between the value of the financial assets and liabilities, as shown in the balance sheet and their fair value. The main liability of the Fund is its obligation to redeem shares on demand.

Liquidity risk

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with its financial liabilities.

The Fund holds assets comprising mainly readily realisable securities and has no significant unlisted securities. The main liability of the Fund is the cancellation of shares by shareholders. This risk is minimised by holding cash and readily realisable securities.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Notes to the Financial Statements (continued)

17. Financial instruments (continued)

Credit risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. This includes counterparty and issuer risk.

Certain transactions in securities that the Fund enters into expose it to the risk that the counterparty will not deliver the investment for a purchase, or cash for a sale after the Fund has fulfilled its responsibilities. The Fund only buys and sells investments through brokers which have been approved by the Fund's Manager as an acceptable counterparty and these are reviewed on an ongoing basis.

The majority of the Fund's holdings are in investment grade bonds. The holdings are spread across a variety of industry sectors to avoid concentrations of credit risk.

Assets of the Fund may need to be sold if insufficient cash is available to finance redemptions. The Fund holds cash and cash deposits which potentially exposes the Fund to counterparty risk. The Manager constantly reviews the banks at which cash is deposited. Currently, the cash is held with RBS and BNY Mellon which have a credit rating of A1 and A1+ respectively (2019: cash held with RBS and BNY Mellon had a credit rating of Baa2 and Aa2 respectively).

Credit rating analysis

A credit quality analysis is disclosed below in accordance with paragraph 3.84 of the SORP.

	Market value 30.09.2020 £	Market value 30.09.2019 £
Investment grade	30,279,525	32,636,424
Non-investment grade	898,234	961,096
Total debt securities	31,177,759	33,597,520

Covid-19

The coronavirus (COVID-19) pandemic developed rapidly in 2020, with a significant number of cases globally. Measures taken by various governments to contain the virus have significantly affected economic activity, which in turn has implications for financial reporting.

The Covid-19 pandemic has resulted in significant volatility in the financial markets worldwide. Depending on the duration of the COVID-19 crisis and continued negative impact on economic activity, the Fund may experience significant negative impact on the operations and profitability of the Fund's investments.

The extent of the impact to the financial performance of the Fund will depend on future developments, including (i) the duration and spread of the outbreak, (ii) the restrictions and advisories, (iii) the effects on the financial markets, and (iv) the effects on the economy overall; all of which are highly uncertain and cannot be predicted.

SMP High Income Fund PLC

Annual Report & Audited Financial Statements for the year ended 30 September 2020

Notes to the Financial Statements (continued)

18. Fair value hierarchy

The purpose of the fair value hierarchy is to prioritise the inputs that should be used to measure the fair value of assets and liabilities. The highest priority is given to quoted prices at which a transaction can be entered into and the lowest priority to unobservable inputs. Disclosure is required of the value in each category in order to give an insight into the extent to which fair value measurements are subjective. The disclosure is split into the following categories:

Level 1 - quoted prices for identical instruments in active markets. Quoted in an active market in this context means quoted prices are readily and regularly available and those prices represent actual and regularly occurring market transactions for the same financial instrument on an arm's length basis. For this purpose a quoted price is a price at which the party performing the fair value measurement can enter into a transaction. Therefore the price must be binding on the party providing the quote.

Level 2 - inputs, other than quoted prices in Level 1, that are observable (i.e. developed using market data) either directly, such as prices, or indirectly, which are derived from prices. Financial instruments that trade in markets that are not considered to be active but are valued based on quoted market prices, dealer quotations or alternative pricing sources supported by observable inputs are classified within Level 2.

Level 3 - valuation techniques that use inputs that are unobservable (i.e. non-market data).

As at 30 September 2020 and 30 September 2019, all of the Fund's investments were classified as Level 2.

19. Portfolio transactions

	30.09.2020	30.09.2019
	£	£
Analysis of total purchases		
Purchases in period before transaction costs	12,708,120	15,759,180
Purchase costs	840	1,115
Gross purchases total	12,708,960	15,760,295
Analysis of total sales		
Gross sales before transaction costs	15,048,210	17,387,419
Sales costs	(940)	(1,115)
Total sales net of transaction costs	15,047,270	17,386,304

Average portfolio dealing spread

As at the balance sheet date the average portfolio dealing spread was 0.9585%. This spread represents the difference between the values determined respectively by reference to the bid and offer prices of investments expressed as a percentage of the value determined by reference to the offer price.

20. Contingent liabilities

There are no contingent liabilities or commitments outstanding at the date of the financial statements.

21. Post balance sheet events

Following the change of name of the Manager to Suntera Fund Services (IOM) Limited, it is proposed that the name of the Fund be changed to Suntera High Income Fund PLC on 4 January 2021. This will be notified to shareholders for approval at the Annual General Meeting in December 2020.

There are no other material post balance sheet events.

Independent Auditor's report to the members of SMP High Income Fund PLC

Report on the audit of the financial statements

Our opinion

In our opinion, the financial statements:

- give a true and fair view of the financial position of SMP High Income Fund PLC (the "Fund") as at 30 September 2020 and of the net revenue and the net capital gains of the scheme property of the Fund for the year then ended in accordance with United Kingdom Accounting Standards, comprising FRS 102: "The Financial Reporting Standard applicable in the UK and Republic of Ireland"; and
- have been properly prepared in accordance with the Statement of Recommended Practice for Authorised Funds, the Authorised Collective Investment Schemes Regulations 2010, the Isle of Man Companies Acts 1931 to 2004 and the Fund's principal constitutional documents.

What we have audited

The Fund's financial statements comprise:

- the balance sheet as at 30 September 2020;
- the statement of total return for the year then ended;
- the statement of change in net assets attributable to holders of participating redeemable preference shares for the year then ended;
- the distribution table for the year then ended; and
- the notes to the financial statements, which include significant accounting policies and other explanatory information.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the "Auditor's responsibilities for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ("IESBA Code"). We have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

Other information

The other information comprises all of the information in the Annual Report and Audited Financial Statements other than the financial statements and our auditor's report thereon. The directors are responsible for the other information.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the financial statements

The directors are responsible for the preparation of financial statements that give a true and fair view in accordance with the applicable framework and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Independent Auditor's report to the members of SMP High Income Fund PLC (continued)

In preparing the financial statements, the directors are responsible for assessing the Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Fund or cease operations, or have no realistic alternative but to do so.

The directors are responsible for overseeing the Fund's financial reporting process.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may include collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Fund to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

This report, including the opinion, has been prepared for and only for the Fund's members as a body in accordance with Section 15 of the Isle of Man Companies Act 1982 and for no other purpose. We do not, in giving this opinion, accept or assume responsibility for any other purpose or to any other person to whom this report is shown or into whose hands it may come save where expressly agreed by our prior consent in writing.

Independent Auditor's report to the members of SMP High Income Fund PLC (continued)

Report on other legal and regulatory requirements

Adequacy of accounting records and information and explanations received

Under the Isle of Man Companies Act 1931 to 2004 we are required to report to you by exception if, in our opinion:

- we have not received all the information and explanations we require for our audit;
- proper books of account have not been kept, or proper returns adequate for our audit have not been received from branches not visited by us;
- the financial statements are not in agreement with the books of account and returns; and
- certain disclosures of directors' loans and remuneration specified by law have not been complied with.

We have no exceptions to report arising from this responsibility.

Under the Authorised Collective Investment Schemes Regulations 2010, we are required to report to you by exception if, in our opinion, proper accounting records for the Fund have not been kept, or whether the financial statements are not in agreement with those records.

We have no exceptions to report arising from this responsibility.

Opinion on other matters prescribed by the Authorised Collective Investment Schemes Regulations 2010

Under the Authorised Collective Investment Schemes Regulations 2010 we are required to report to you on other prescribed matters. In our opinion:

- we have obtained all the information and explanations, which to the best of our knowledge and belief, we consider necessary for the purposes of the audit; and
- the information given in the Manager's Report and the Directors' Report for the financial year for which the financial statements are prepared is consistent with the financial statements.

30 November 2020

SMP High Income Fund PLC

Report of the Fiduciary Custodian

The Fiduciary Custodian has responsibility for the safekeeping of the Fund's assets and must take reasonable care to ensure that the scheme is managed by the Manager in accordance with the Regulations relating to, inter alia, investment and borrowing powers, dealing and valuation and pricing, and the Fund's principal constitutional documents and scheme particulars.

In respect of the year ended 30 September 2020 we state that, in our opinion, Suntera Fund Services (IOM) Limited managed SMP High Income Fund PLC:

- a. in accordance with the limitations imposed upon the investment and the borrowing powers of the Manager and ourselves as Fiduciary Custodian by the principal constitutional documents, by the Scheme Particulars and by the Authorised Collective Investment Schemes Regulations 2010, and
- b. otherwise in accordance with the provisions of the principal constitutional documents and the Authorised Collective Investment Schemes Regulations 2010, and
- c. the issue, sale, redemption and cancellation, and calculation of the price of the shares and the application of the scheme's income, have at all times been carried out in accordance with the provisions of the Regulations and, where applicable, the Act and the documents constituting the scheme.
