Question or Issue- please give your question or issue briefly here with any points that you specifically would like answered.

These may be for Covanta, Biffa or EA and I am looking for obligations on them not simply their proposals, which I am sure you understand.

Please could you advise me how, where and when, statistical records of emissions from the Stack will be published (a) under test and (b) live running.

One of the things which concerns me is what I do if someone, or some people, in the area I represent tells me there is a 'funny smell' or an 'unusual cloud' and says it's the EfW plant. Will there be anything in the public domain that I can access to perhaps reassure them that everything is working well at Newhurst?
