

Triple Your Calls, Triple Your Sales.

Contact, connect and close more deals with a customizable dialer.

NEW! Surefire Power Calls

- Spin up and call an entire list of people one after another, automatically.
- Leave a pre-recorded voicemail while next call dials, no waiting.
- Integrated with Surefire CRM — auto dial and track your leads.

Tools to Help Close More Sales

- Pre-written or customizable scripts — easy to record and drop to voicemail.
- Use your own phone number or use the prospect's local area code.
- Segment and filter contacts for customized messaging.

Whether you're cold calling prospects or checking in with your client base, Surefire has the tools, support and resources needed to hone your skills and help you generate more sales.
