

# 4 ways we can help you maximize your technology ROI!

## Teamwork Assessment

Teamwork Assessment will help you to understand how to grow your business by fully utilizing the right technology that allows your teams to work together effectively and increase everyone's productivity.

### Benefits

- Know how to fully utilize Office 365 tools to improve teamwork within your organization.
- Identify current and future states of collaboration.
- Realize potential gaps in your IT infrastructure & learn how to fix them.
- Get a holistic view of your future state by reviewing capabilities across security, teamwork, meetings, and change management.
- Maximize your technology ROI.

## Change Management Workshop

Teams Adoption & Change Management Workshop will help you explore your options on how to drive successful change when implementing Microsoft Teams (Teams) within your organization.

### Benefits

- Increase the probability of success (and ROI) when implementing Teams.
- Learn how to manage your employees' resistance to change.
- Build change competencies into your organization.
- Get a handle on your people-dependent ROI.
- Understand the importance of communication and awareness before implementing Teams.

## Calling and Meetings Workshop

Calling and Meetings Workshop can provide you with a roadmap to understand how to move to Microsoft Teams for Messaging, Calling, Meetings, and devices. If you're using Skype for Business Online (which will be phased out by July 2021), this workshop will be helpful to you.

### Benefits

- Learn what it means to fully adopt Teams for your calling, messaging, and meeting needs.
- Know how to be prepared for the phase-out of Skype for Business.
- Hear about how other organizations are utilizing Teams for their calling and meeting needs.
- Maximize your technology ROI.

## Custom Design Workshop

Teams Custom Solution Workshop is to show you "the art of the possible" when it comes to implementing Microsoft Teams. This workshop will help you come up with a customized roadmap to make your Teams implementation a success.

### Benefits

- Implement a fully-customized Teams environment to meet your unique needs
- Implement Teams in the most time-efficient manner.
- Learn how to integrate Teams with new or existing business processes.
- Get tips & tricks on how to engage your employees and ensure adoption of Microsoft Teams.
- Bring your people, processes, and data together into one hub in the most efficient manner.
