”

**D**igitas are a connected marketing agency who house creative, data, media, strategy, and technology experts responsible for uncovering and acting on the truths that help brands connect better with people.

- Clearvision performed a successful cloud migration for Digitas, moving their Atlassian stack, data and projects.
- Digitas now enjoy a modern platform that's easy to maintain and upgrade.
- Digitas have been using Clearvision for the past ten years and so trusted their ability to perform the migration.

# The Challenge.

Digitas needed to migrate their Atlassian stack over to the Cloud. In order to make this happen, they needed help to accurately measure the scope of what they were trying to build.

They wanted a service they could trust from a business who understood the importance of data and mission-critical applications.

# The Solution.

After ten years of providing successful solutions to Digitas, Clearvision were contacted to perform the migration.

Digitas worked closely with Clearvision Consultants and Project Managers who helped them accurately measure the scale of what they were trying to achieve. Consultants and PM's provided support throughout the entirety of the project to ensure the migration went as smoothly as possible.

Benefit from a [Cloud migration](#) strategy that's within your budget, performed by fully certified Cloud engineers.
