**Healthcare Highways Hires Peter A. Brawer, PH.D. as
New EVP, Chief Strategy Officer of Hospital Partnerships**

FRISCO, TX, July 19, 2021 – Healthcare Highways, a leading developer and distributor of best-in-class products, solutions and customized health plan services, is pleased to announce the addition of Peter A. Brawer, PH.D. as Executive Vice President, Chief Strategy Officer of Hospital Partnerships effective July 19, 2021. Dr. Brawer is a highly accomplished healthcare industry leader who brings expertise from his years working directly for large health systems overseeing quality, network creation, population health and transparency, to consulting with large national employers, including health systems to capitalize on their strengths and succeed in our ever changing healthcare environment.

Dr. Brawer previously worked for Aon – USA as the Senior Vice President – National Health Care Industry Practice for Population Health and Value Based Contracting. During his time at Aon, Dr. Brawer was a national and global resource for over 200 Account Executives, impacting 250+ health care clients. Prior to his time at Aon, Dr. Brawer served as a leader in the health system space working as Vice President of Clinical Quality and Patient Safety at Mercy, St. Louis/Ministry and also as Vice President, Population Health at SSM – St. Louis/System. Key accomplishments include the creation of two of the earliest MSSP ACO's and CIN's in Missouri and Oklahoma as well as the successful design, strategy, and implementation of physician incentive programs for over 2,700 employed physicians.

“As Healthcare Highways expands its mission to collaborate and serve as a dedicated partner within the health system space, Dr. Brawer’s industry knowledge will help accelerate this mission,” said Michael Wilson, CEO of Healthcare Highways. “We will offer a full stack of turnkey solutions and capabilities to our health system audience, and we believe Dr. Brawer is the perfect person to introduce and lead this effort”.

Dr. Brawer has a doctoral degree in clinical psychology from St. Louis University, a master’s in clinical psychology from Loyola University Maryland and a bachelor’s in psychology from the University of Scranton.

About Healthcare Highways

Healthcare Highways is a healthcare company that develops and distributes best-in-class products, services, and solutions to companies and individuals including health plans, high performance provider networks, pharmacy benefit management, population health management, and benefit plan administration.
