

Smart-UPS Ultra

Half the size and weight, more power protection, 3x the battery life

The most trusted UPS brand brings you the industry's first
1U 3kW UPS

apc.com/smart-ups-ultra

Life Is On

The world's most popular network and server UPS, now half the size and weight

APC Smart-UPS™ Ultra is the industry-first 1U 3kW UPS

The world's most popular UPS is now available with improved battery life and a smaller design. APC's Smart-UPS Ultra offers trusted, premium power protection to ensure network and data availability. Designed for local edge environments and micro data centers, the Smart-UPS Ultra provides consistent and reliable connectivity at the most critical moments. The UPS's light and compact qualities allow for installation on the wall or ceilings for top-tier flexibility. Increased UPS battery life and lower maintenance service costs provide a lower total cost of ownership over 10 years.

That's Certainty in a Connected World.

Installation flexibility, like never before

All-in-one mounting brackets for rack, tower, wall, ceiling and desk under mount

With Smart-UPS™ Ultra you can put 3kW of power protection in places never before possible. At half the size and weight of comparable UPS available on the market today, the mounting brackets can be used in any of the 4 mounting styles: rack, tower, wall and ceiling/ desk under mount. The auto-rotating touch screen display makes switching between horizontal and vertical mounting options instantaneous.

Perfect for more installations

When your UPS gives you more power and takes up less space, you have more space for IT equipment

1U fits in more applications than ever before

Due to its small size, Smart-UPS Ultra easily supports back office, network infrastructure and IDF/MDF closets. Install the UPS in out-of-the-way mounting options in small edge environments, retail or back offices.

With more power, Smart-UPS Ultra supports larger branch offices, financial institutions, grocery stores and light industrial manufacturing Healthcare installations such as hospitals, labs and remote clinics.

Delivers both power and extended runtime

Smart-UPS Ultra supplies up to 3000 Watts of power protection. With extended runtime options of up to 5 external, 1U battery packs, you can get the runtime you need for critical applications.

Predictable operational budget

Perfect for limited operational budgets such as Education and Government, UPS with Lithium-ion batteries can remove battery replacement costs up to 3 times! Smart-UPS Ultra batteries last 8-10 years, 3x that of lead acid (VRLA) batteries, which means that under normal operating conditions, the battery will last the life of the UPS.

Perfect for distributed IT

If you have more than one IT site to manage, Smart-UPS Ultra's EcoStruxure Ready remote monitoring and management options make owning a UPS easy, whether one UPS or a fleet of UPS. Remote management allows many tasks to be taken care of without stepping foot in your IT installation. Predictive monitoring and maintenance minimized trips to far-away IT sites.

Smart-UPS Ultra features

Half the size and weight, remote monitoring management and services with extended runtime options

50% smaller and lighter, 2.5x more power

Next-gen semiconductor technology gives this UPS flexibility to install anywhere: rack (2 post, 4 post), tower, wall, ceiling and desk under-mount options without compromising power protection needs

High resolution LCD

Auto-rotating display

3x the battery life

The Lithium-ion battery lasts 8-10 years (3x VRLA) and won't need to be replaced under normal operating condition, reducing Total Cost of Ownership

LED status indicator

At-a-glance indication of UPS Status

6 outlets in 1U

Including switched outlet group and pigtail NEMA L5-30R

SRTL3KRM1UC

SRTL3KRM1UNC

EcoStruxure Ready

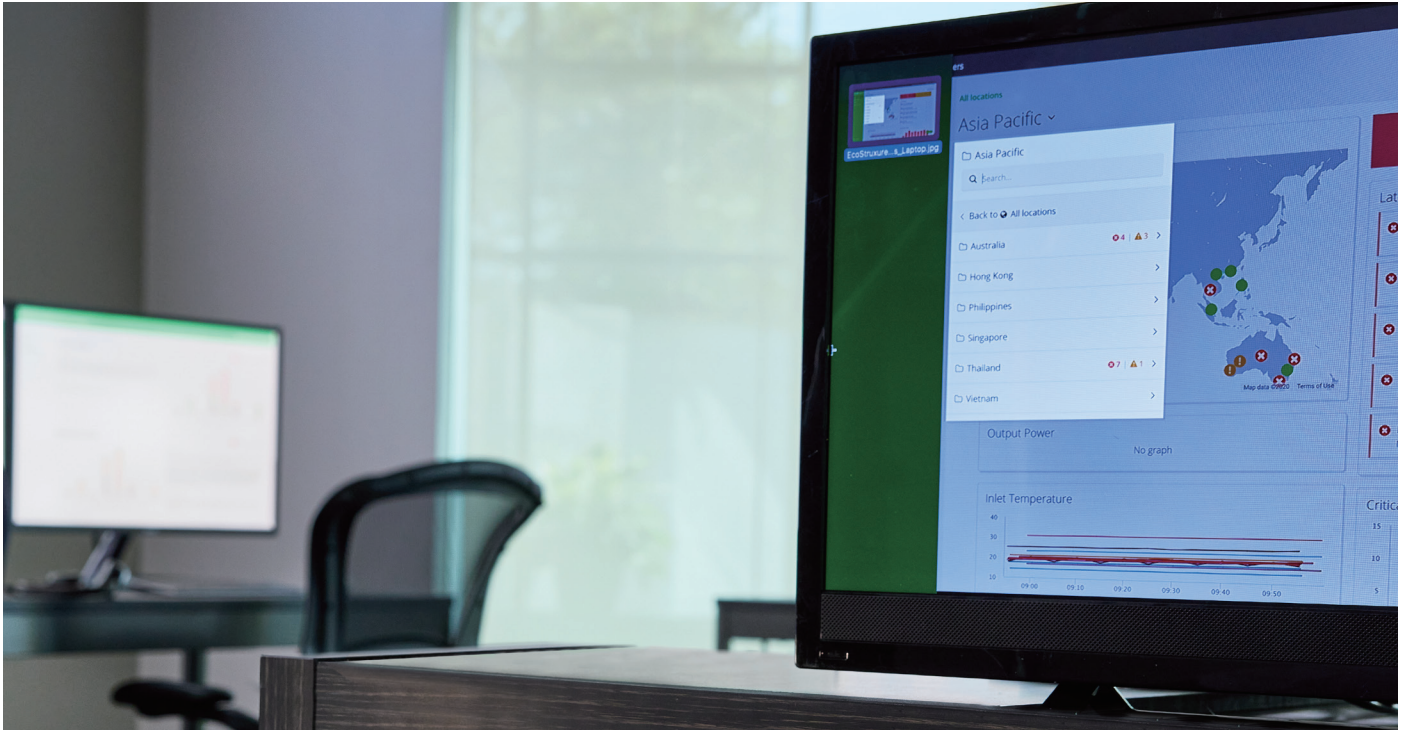

Connect to either the Smart-UPSTM Portal or to EcoStruxureTM IT via the SmartConnect Ethernet Port or embedded network port

Extended Runtime options

Up to 5 external battery packs supported

Smart-UPS management solutions

PowerChute Business Edition
Built-in manageability for your UPS

Graceful system shutdown of connected equipment during an extended power outage or computer problem.

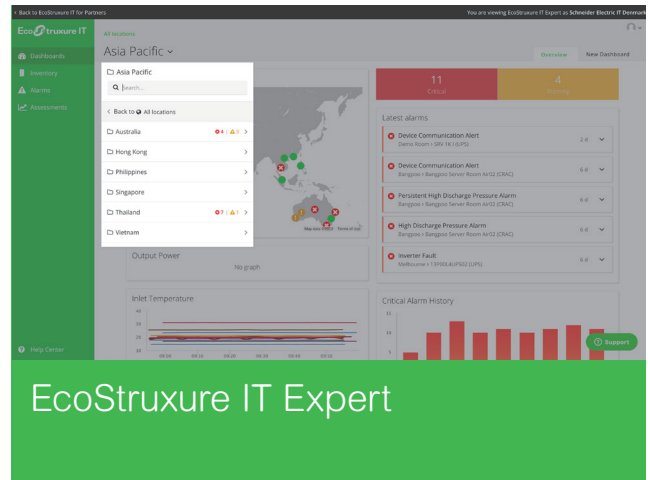

PowerChute Network Shutdown
Provides graceful network-based shutdown of physical and virtual IT architectures

Network-based, graceful, unattended shutdown and restart of your physical servers and virtual machines during prolonged power disturbances.

EcoStruxure Ready Smart-UPS

Secure monitoring and UPS fleet management.

Smart-UPS Web Portal for remote monitoring

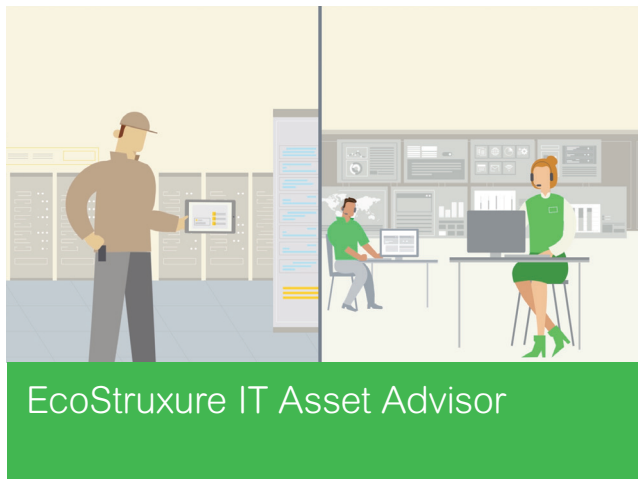

Provides visibility directly to the customer to help make proactive decisions and maximize uptime via the SmartConnect Ethernet Port.

Ideal for small and medium businesses who prefer to self-manage.

The do-it-yourself advanced monitoring

We empower you to monitor and service customers on your own or provide EcoStruxure IT Expert to your customers who prefer a self-managed option.

Ideal for distributed IT sites and businesses with mixed IT environments.

We advise, you maintain

We provide monitoring services, and you handle the maintenance. This option appeals most to partners who want to use their own on-site service.

We monitor and service

We provide monitoring and maintenance services on your behalf. Ideal for IT solution providers who want to add service without additional cost to your business model.

Smart-UPS accessories

AP9834

UPS management accessories*

- AP9834: APC USB Wi-Fi Device compatible with SRTL3KRM1UNC
- AP9810: dry contact I/O accessory
- AP9335T & AP9335TH: sensor

AP9562

Service bypass panels

- AP9562: APC Rack PDU, Basic, 1U, 15A, 120V, (10) NEMA 5-15R
- AP9567: APC Rack PDU, Basic, 1U, 15A, 120V, (10) NEMA 5-15R
- SBP3000RM
- SBP3000RM2U: APC h (8) NEMA 5-15R

Power distribution units

- AP9562: APC Rack PDU, Basic, 1U, 15A, 120V, (10) NEMA 5-15R
- AP9567: APC Rack PDU, Basic, Zero U, 15A, 120V, (14) NEMA 5-15R

External battery pack

- SRTL50RMBP1U-LI: 1U external battery pack

SRTL50RMBP1U-LI	
Physical	
Net HxWxD	43mm (1.7in) x 432mm (17in) x 560mm (22in)
Net weight	54lbs (24.5kg)

Smart-UPS Ultra

SKU technical specifications

	SRTL3KRM1UC	SRTL3KRM1UNC
Topology	On-Line	
Output		
Output power capacity	3000VA/3000W 125VAC 2880VA/2880W 120VAC	
Nominal output voltage	120V, 125V	
Output voltage distortion	Less than 5% at full load	
Output frequency (sync to mains)	50/60 Hz \pm 3 Hz (auto sense follow Input AC freq.) 50 or 60 \pm 1Hz (battery mode)	
Waveform type	Sine Wave	
Output connections	(5) NEMA 5-20R (1) x NEMA L5-30R	
Switched outlet group	Yes	
Efficiency green mode	97%	
Input		
Nominal input voltage	120V, 125V	
Input frequency	50/60Hz +/- 3Hz	
Input connections	NEMA L5-30P	
Input voltage range for main operations	125 ~ 145VAC (3000 Watt)	
Batteries and runtime		
Battery type	Lithium-ion	
Runtime (3000W/ 1500W)	4 min / 10 min	
Runtime + 1 external battery (3000W/ 1500W)	21.6 min / 47.3 min	
External battery*	up to 5 external	
Communications and management		
Interface port(s)	USB-B, RJ-45, Ethernet, EPO	USB-A, USB-B, Ethernet, Universal I/O, EPO
Network management	SmartConnect, Modbus over TCP/IP	Network Management Card Embedded
Control panel	Auto-rotating, multicolor high resolution LCD with virtual touch keys	
Physical		
Net HxWxD	43mm (1.7in) x 432mm (17in) x 560mm (22in)	
Net weight	35lbs (15.9kg)	
Environmental		
Operating environment	32 – 104 °F (0 – 40 °C)	
Operating elevation	0-10000 feet (0-3000 meters)	
Storage temperature	5 – 113 °F (-15 – 45 °C) short term storage	
Storage relative humidity	0 – 95%, non-condensing	
Storage elevation	0-50000 feet (0-15000 meters)	
Conformance		
Regulatory approvals	UPS: UL (UL 1778 for US), cUL (CSA 107.3 Canada), FCC Battery: UL 1973, RU and cRU, UN 38.3	
Standard warranty	5-Year UPS and batteries	

*External battery cable adds 5" to the depth
