Escape
TRAILER
Built for you.

ABOUT ESCAPE

The Escape Trailer family of fiberglass travel trailers and fifth wheels offers consumers the opportunity to purchase a personalized, lightweight, low-maintenance RV direct from the manufacturer. All units are manufactured with a 100% molded fiberglass body. This provides the foundation for a long lasting RV that has proven to hold its value.

The frame is constructed with box steel and a rubber ride torsion axle suspension creating a solid foundation with a smooth ride. The interior is professionally finished with your choice of either Oak, Maple, or Contemporary cabinetry, large windows, high-grade vinyl flooring and a unique insulated vinyl headliner/wall covering. Escape trailers utilize real wood for cabinet doors and plywood for tables, countertops, and the floor.

Every Escape trailer includes a long list of base features and an extensive options list available for even more personalization. Unique to the industry, Escape offers customers the ability to personalize their trailers by choosing from our standard choices of flooring, countertops, and fabric along with your choice of cabinets. If you find flooring, countertops or fabrics that we don't stock, you can send those to us for installation for a truly one-of-a-kind home away from home.

Every trailer also comes with a limited two-year warranty. The body of the trailer is constructed from top and bottom fiberglass shells which are bonded together with glass reinforced fiber to create a true one-piece unit.

The roof has a raised dome allowing water to run off rather than pooling. This greatly reduces any chance of water penetration while maintaining a strong, long-lasting lightweight trailer.

The Escape's aerodynamic and lightweight design eliminates the need to invest in a large towing vehicle in contrast to a conventional RV trailer. Most trucks and SUV's are capable of towing smaller Escape trailers without a noticeable increase in gas consumption helping to keep the investment for travel to a minimum.

Our customers are pleased that Escape trailers offer ample interior storage space, especially in the large overhead cabinets. Light-colored hygienic wall coverings and large windows throughout each unit creates the feel of a more roomy, bright space.

Our reputation for quality and customer satisfaction ensures a strong competitive foothold in the RV industry.

EXPLORE AND COMPARE THE ENTIRE FAMILY OF ESCAPE TRAVEL TRAILERS

Escape 5.0

ONE FLOORPLAN AVAILABLE

The Escape 5.0 is lightweight and can be easily towed with a mid-size truck. This 21'2" fifth wheel trailer offers separate sleeping and living areas and has an extra high ceiling, giving it a spacious feel. With storage under the steps, dinette bench seats and a copious amount of storage in the kitchen, there is a place for all of your camping necessities.

Key features include:

- Sleeps up to four adults
- Lightweight and easily towed fifth wheel
- Separate bedroom and living areas
- Extra high ceiling for a spacious feel

Axle Weight	3264 lbs
Total Dry Weight	3910 lbs
GVWR	5500 lbs

Escape 21C

ONE FLOORPLAN AVAILABLE

The Escape 21C is our original 21' trailer. This layout includes a North/South bed making it easier to get in and out without crawling over each other. It combines a spacious open design with ample storage, quality appliances, and the ability to sleep four all in a lightweight, easy-to-tow, fiberglass trailer.

Key features include:

- Light and easily towed
- Spacious open design with rear dinette
- Ample kitchen counter space
- Large storage cavity beneath the bed
- Flexibility to add additional windows

E21C SPECS

Exterior Length (add 6" for spare tire)	21' 4"

Escape 21NE

TWO FLOORPLANS AVAILABLE

The Escape 21NE offers ample storage in both the dinette and wardrobe as well as under the dinette bench seats and bed. This trailer offers many different ways to customize with interior storage options and additional windows. It has a spacious, open design with lots of counter space. Two floorplans to choose from.

Key features include:

- Light and easily towed
- Sleep up to five with the optional Cot
- Ample kitchen counter space
- Large storage cavity beneath the bed
- Front U-Shaped dinette is standard in both floorplans

E21NE SPECS

Exterior Length (add 6" for spare tire)	21' 4"
Max. Exterior Height (top of AC)	9'

GVWR	4400 lbs
Ball Height	19" when loaded

Escape 17

17A – ONE FLOORPLAN AVAILABLE
17B – THREE FLOORPLANS AVAILABLE

The Escape 17 trailers are the perfect crossover from tent camping. The E17A has no bathroom with a permanent bed in the front and a four-person dinette in the rear. The E17B has a full wet bath and three floorplans to choose from. The single-axle and shorter length make it a great trailer for smaller roads and tighter turns.

Key features include:

- Lightweight single axle & highly maneuverable
- E17A does not have bathroom
- E17B includes full wet bath
- Gaucho Bunk option available for the E17B F1 & F2

E17A & E17B SPECS
