

Want to advertise your Escape trailer on our website?

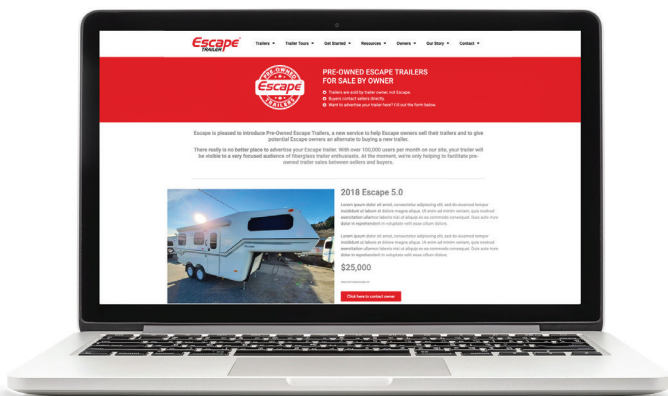

- Trailers are sold by trailer owners, not Escape

Currently we are only providing buyers and sellers a venue to advertise, and shop for pre-owned Escape trailers. Eventually, we may offer a buy-back program with the ability to refurbish and sell as a "Certified Pre-Owned Escape".

- We'll connect buyers with the sellers

After the seller sends us the trailer details, we will post the trailer on our pre-owned page. Buyers will fill out a form that comes to Escape and we will pass that info onto the seller. Escape simply lists available pre-owned trailers but is not involved in the sale or delivery.

Here's what you need to do

- 1** Fill out the form at the bottom of our Pre-Owned submissions page. We will need the following info: Your contact details, Escape model and year built, VIN number, selling price, location of trailer.
- 2** Send up to 5 photos of your trailer. We recommended at least 2 exterior photos and 2 interiors showing the front and rear of the trailer.
- 3** If you have the Escape build sheet showing the trailer options you can send that as a PDF. If not, you can include options and features in your written description.
- 4** A written description of your trailer up to 250 words. Please copy and paste your description into the comments field of the form.
