

Pools

## Apply Beading to POOL SIDEWALLS

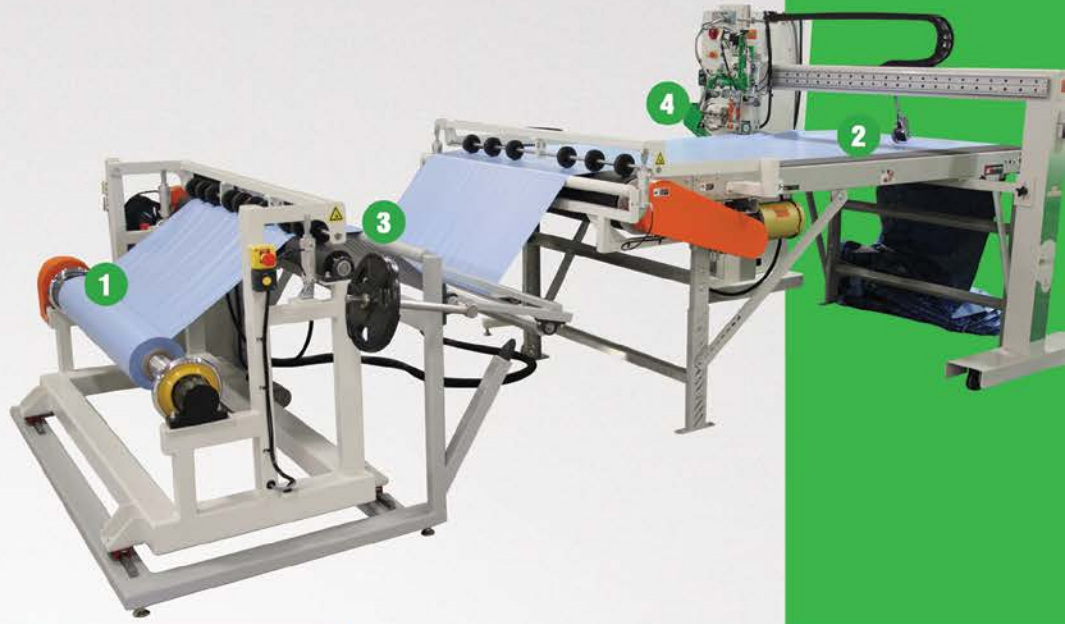

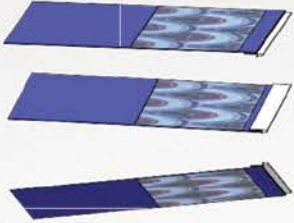

The versatile 116 Pool Beading Welder is designed to weld pool beading to the sidewalls of pools faster than any other operation in the industry. The versatile 116 Pool Beading can be easily setup for welding beading to the top or bottom of either side of your sidewall.

### Hot Air Welding Applications:

- Pool Cover and Pool Liner Materials
- Woven Polypropylene
- Woven Polyethylene
- PVC Laminate
- PVC Coated
- Polyurethane Coated
- Polypropylene and More

## Seam Types

## Technical Specification

<b>Voltage:</b>	208-240 Volts - Single Phase - 40 Amp.
<b>Air Requirements:</b>	1cfm @ 100psi
<b>Power Consumption:</b>	Approx. 9.6kW
<b>Maximum Temperature:</b>	450°C (842°F)
<b>Throat Width:</b>	1.21m (47")
<b>Dimensions:</b>	Width: 2.54m (100") Length: 4.83m (190") Height: 1.91m (75")
<b>Weight:</b>	1,134kg (2,500lb)
<b>Seam Width:</b>	10-50mm (0.5-2")
<b>Welding Cycle:</b>	Up to 18m/min (60ft/min)*

\*Depending on the application, the seam width and the type of material used

## Features and Benefits

1. Easyload driven unwind for hands-free dispensing of pool vinyl.
2. Motor driven and synced conveyor for material handling .
3. Powered beading dispenser for easy placement of bead pool wall.
4. Efficient hot wedge technology for increased speed and quality.
