

HIGH QUALITY CHEMICALS

LTS: Leak Test Solution

Oxygen-safe leak testing solution is perfect for use with any gas connection.

Using soap and water for leak testing is not only dangerous, but the residue it leaves behind can also corrode or damage the cylinder valve.

SuperFlash's Leak Test Solution contains no residues, and meets MIL Spec PRF-25567E.

Available in:

1 Gallon = #1109-1023

8 oz. Container = #1109-1022
