

**Learnlife is not just a school.** We are a community of learning that prepares and empowers children and lifelong learners to thrive in the world of the future.

# What, why & who

We are a group of changemakers united by our passion to promote a new lifelong learning paradigm.

## About Learnlife

Learnlife is transforming education worldwide by empowering personal learning experiences and a community of lifelong learners based on positive relationships.

Learnlife's personal learning programmes, based on years of research and best practices of top educators from around the globe, guide learners through an individual journey of exploring their passions, skills, and needs, and take place at our physical Learnhubs in Barcelona and online from anywhere in the world.

Learnlife's pioneer space for lifelong learning is in downtown Barcelona. A state-of-the-art learning community, it is the first in a worldwide network of learning hubs meant to accelerate change in existing education models through personal purpose-based learning. It features a series of creative studios designed to inspire learners through evidence-driven best practices from innovative schools around the world.

We offer year-long full-time, afternoon, Saturday and summer programmes for learners aged 11-18+.

## Learning paradigm

The learning paradigm, freely available to educators, schools, thought leaders and governments worldwide, consists of 21 elements divided into 3 clusters. Each element provides its own unique roadmap for supporting educational change.

Each cluster houses 7 elements and provides the overarching critical framework required for preparing, implementing and sustaining change in a new learning paradigm.

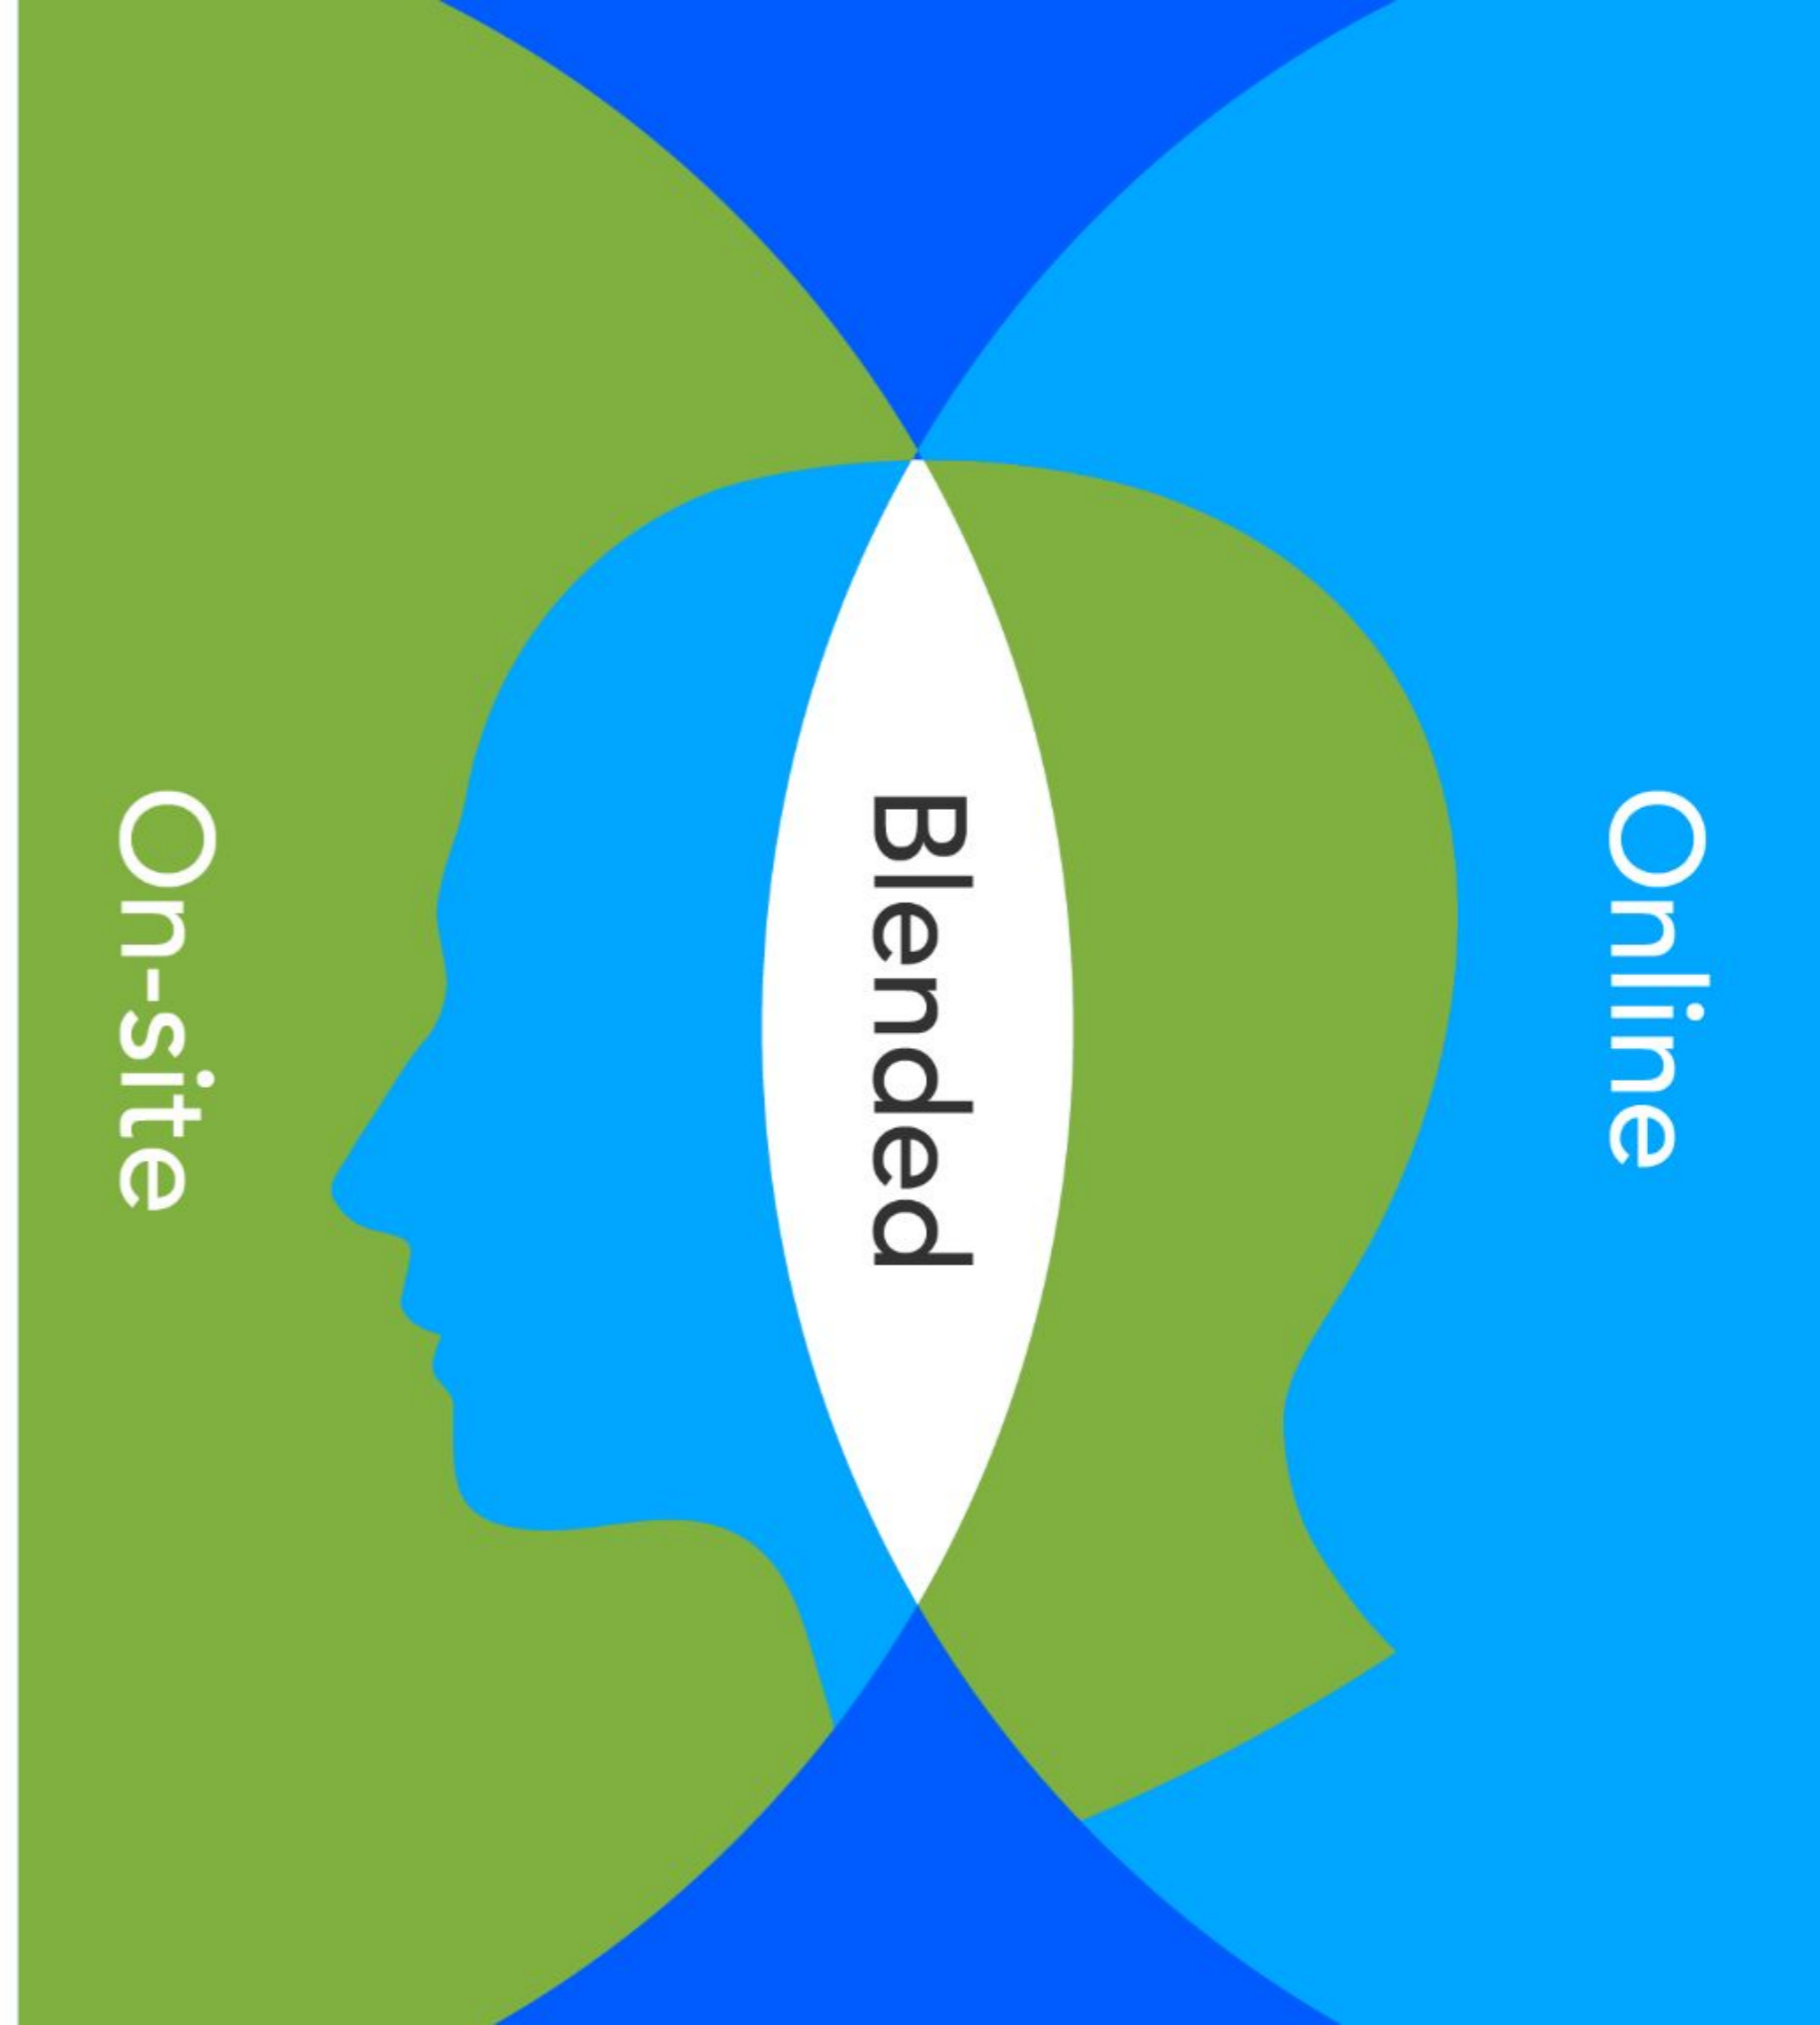

**Location freedom: choose where and how you learn**

Learn in the format of your choice: on-site at one of our innovative Learnhubs, online from anywhere in the world, or a combination of both.

## On-site options: our Learnhubs

### **Barcelona Urban Hub:**

Our first evidence-based Learnhub with innovative studios such as robotics, 3D printing, culinary, multimedia, and more. Located in the centre of Barcelona on Enric Granados.

### **Barcelona Eco Hub:**

Innovation and sustainability centre promoting nature-based learning. Located 20 minutes outside of Barcelona, metres from the sea.

## **Online learning does not have to feel remote: Home Hub**

We bring Learnlife to wherever you call home. We have tailored our online offerings to fit learners' different learning needs. Whether full-time or part-time, we have time and space for your learner.

## Who is Learnlife for?

Learnlife's Secondary Programmes are aimed at learners from 11 onwards who seek to step beyond the traditional academic experience.

We seek learners who wish to engage in an innovative, personal way of learning that will last an entire lifetime. Learnlife learners are ready to become actors and not spectators in their education.

# Programmes

Where we support passion,  
confidence, socialisation,  
friendship, and teamwork

## Explorers

Designed for ages 11-13

This programme is designed for learners who are on a journey to understand themselves and the world at a deeper level and who love being curious. They see learning as a voyage of adventure and discovery.

Explorers love new ideas and creativity, alongside learning new concepts and skills, always keen to extend their knowledge.

## Creators

Designed for ages 14-16

This programme is aimed at cultivating self-directed learners who yearn to grow their creative confidence and capacity.

Through recurrent engagement with a range of studios, Creators develop their ability as active designers and makers. They love a focus that expands to understand how they might contribute solutions to complex global challenges.

Creators use a multi-studio environment: multimedia, music, maker space, food, multi-materials, graphic design, visual art, textiles, programming and electronics to name just a few.

## Changemakers

Designed for ages 17-18

Changemakers is a launchpad toward your next step, becoming an adult, and making a difference.

You will identify what you want to do after Learnlife and test whether that is something you really want to do through professional mentorship, job shadowing, and internships. Then, we support you in creating a pathway to get to that next step.

Empowered by our studio model, Changemakers tackle real-world problems with authentic audiences. You'll also reflect on and design a transition from adolescence to adulthood through rites of passage and intensive workshops.

# Learners

Our Explorers, Creators, and  
Changemakers of the world!

## Learners love Learnlife because...

Learnlife's is for young people who are passionate about learning and wish to engage in a lifelong process of self-discovery and contribution to a better world.

We welcome all learners who are committed to this vision, including those who have learning differences. Learnlife Barcelona may recommend intervention programs from internal specialists or external providers, if in the opinion of the learning guides, such an intervention would be beneficial.

Learnlife is a community for anyone who wants to become an independent learner. Learners who wish to develop stronger lifelong learning habits find Learnlife Barcelona highly rewarding.

# What's the Learnlife experience about?

## 1. Connection

Grow your social and emotional skills through topical conversations about issues relevant to your age group.

## 2. Core concepts

Learn the requisite skills to thrive in all aspects of your life through interactive, hands-on workshops and projects.

## 3. Community

Celebrate the achievements of learners, and participate in conversations about how to improve Learnilfe Barcelona.

## 4. Studio time

Take workshops with our studio experts or design your own project in our different studios (multimedia, electronics, robotics, fashion, digital fabrication, 3D printing, music, culinary arts, writing, and more).

## 5. Adelantes

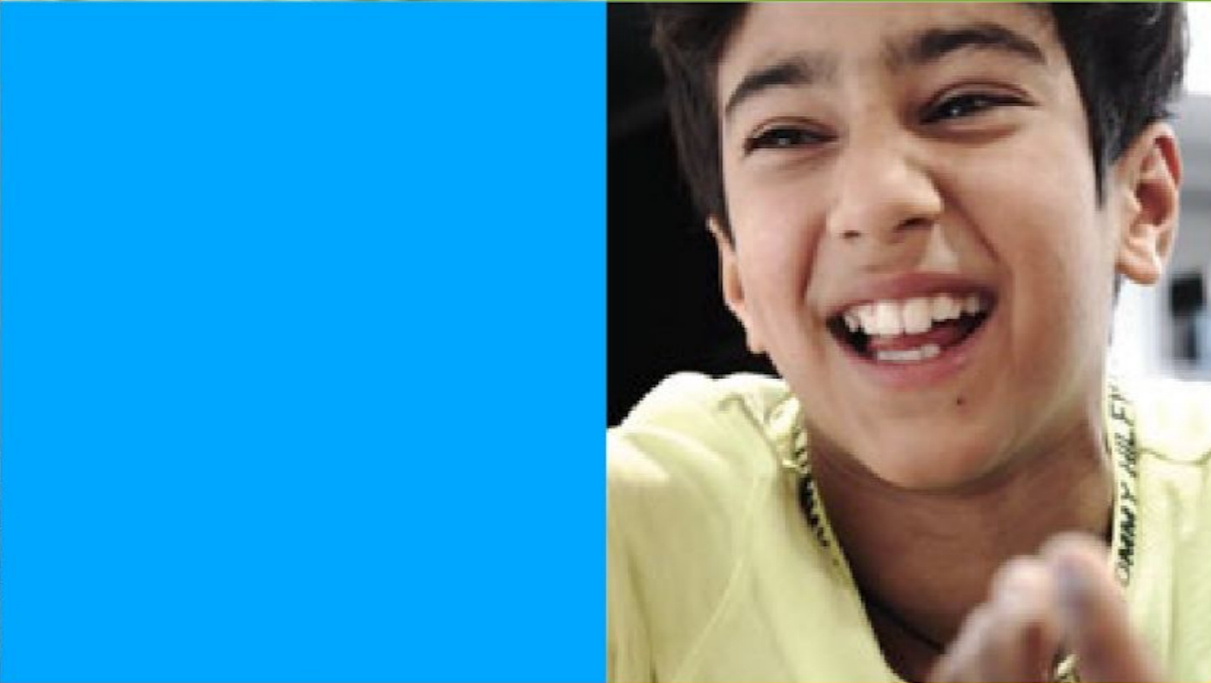

Discover new interests through two-week, passion-inspired workshops led by learners, learning guides, parents and staff. You can try everything from aerial silks to crochet, and from freestyle rapping to bridge building.

Build  
your why  
with us!

# Join Ms!

# Application and Enrolment Process

- 1) Free interview with tour or video call with interested learner present
- 2) Application + application fee
- 3) Learning Differences interview (if necessary)
- 4) Subsidy interview (if necessary)
- 5) Trial day (if necessary)
- 6) Application decision = accepted/declined
- 7) Enrolment forms + enrolment fee payment
- 8) Onboarding

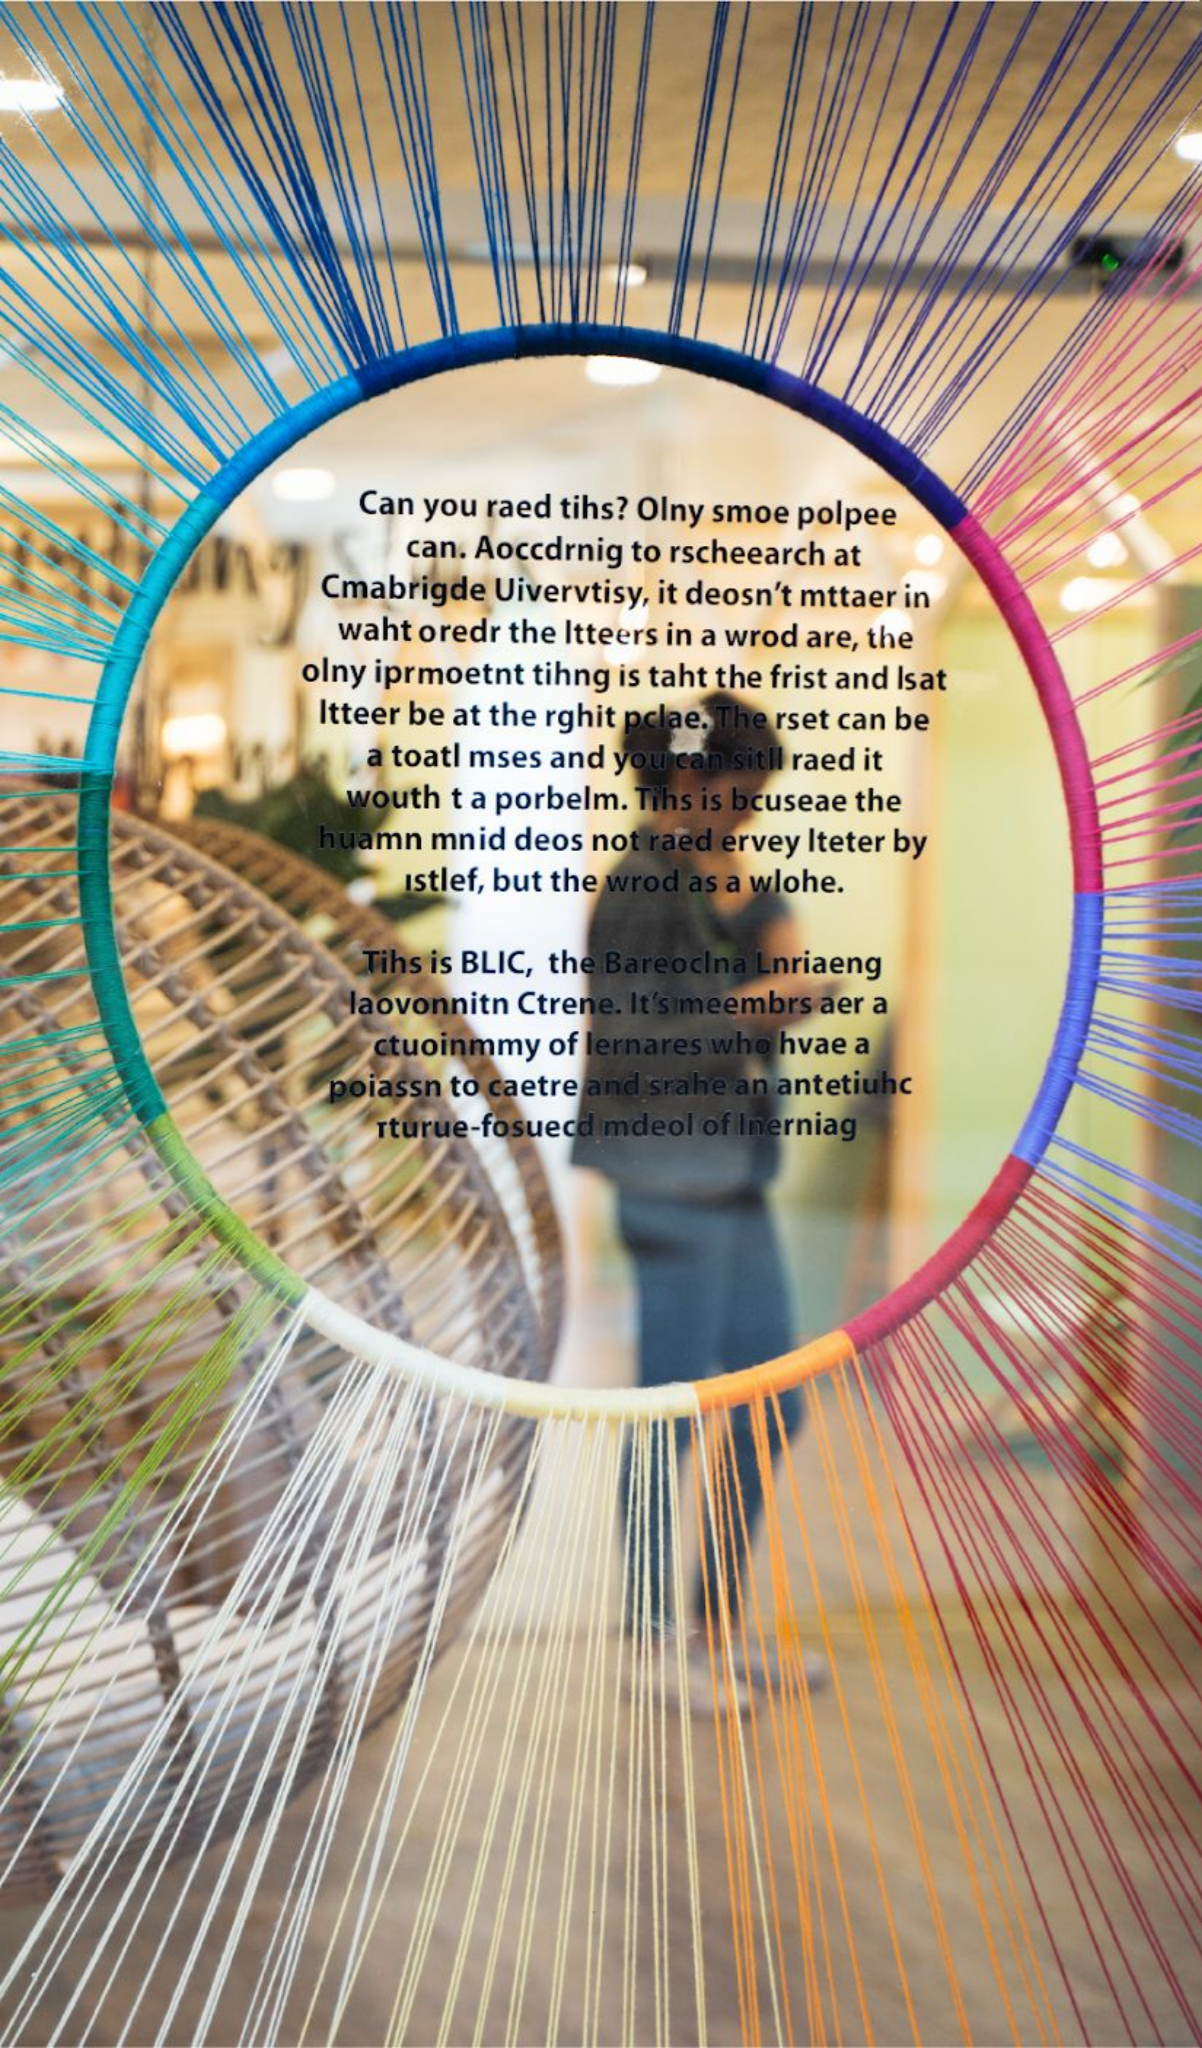

# Investment

	On-site, blended, and online programmes:	Up to 12 hours/ part-time:
non-refundable application fee	90€	90€
annual enrolment fee (if accepted)	900€	675€
annual tuition	9000€	6750€
paid monthly from Sep - Jun	900€	675€

Discounts available for siblings or if tuition is paid annually.  
Fees are subject to change as they are reviewed annually.

Fees are determined on a year by year basis, as part of the budgeting process of the whole organization. This typically takes place at the end of the year prior to the start of the cycle. You will receive the full details during the enrollment process.

Can you read this? Only some people can. According to research at Cambridge University, it doesn't matter in what order the letters in a word are, the only important thing is that the first and last letter be at the right place. The rest can be a total mess and you can still read it without a problem. This is because the human mind does not read every letter by itself, but the word as a whole.

This is BLIC, the Barcelona Learning Innovation Centre. Its members are a community of learners who have a passion to create and share an authentic future-focused model of learning.

“

# Testimonials

What they're saying...

”

### Alba Navascues

*“At Learnlife, I can focus on the things that I really like to do. I’ve only been here a short time, but since I joined, I feel like I’ve truly experienced what real life is about.”*

### Gerard Almenara

*“I love Learnlife, I have so much freedom to explore my passions and let my creativity go wild with thousands of different ideas. And I was never able to do that before.”*

### Sachi Lyons

*“I’ve already started to see my self-growth. Being able to choose my own path and work at my own pace is something that I’ve really begun to value and appreciate. Having access to the resources in this space has helped me get a clear idea of who I want to be and the steps I need to take to get there.”*

### Caiman Littles

*“Learnlife has opened my eyes to different experiences and helped me understand life in general. This center has put my interests first and deepened my recognition by preparing me for every aspect I could potentially face in the future. I feel very welcomed and heard.”*

### **Herb Caudill & Lynne McIntyre**

*“Sunday nights used to be a terrible time for the family because the kids dreaded starting another week of school the next day. Now they're actually excited to get back to it. Just after the first week or two we noticed a big difference in both kids, which I would describe as self-confidence that comes from being treated with respect.”*

### **Hannes Shariputra Chopra**

*“Learnlife is a purposeful community centred around lifelong learning, skills, behaviours, mindsets and models which matter and will matter even more in the future. Dedicated and passionate learning guides support learners to push their limits! Learning here is cool, fun, challenging and it becomes an integral part of your life! Learnlife is the reason that we live in Barcelona now. I feel blessed that my kids are part of it.”*

### **Fardiyah Dickie**

*“Learnlife has transformed me and my daughter in many subtle yet significant ways. She has been challenged and empowered to tackle much more relevant issues, and she's experienced the joy of deep learning and has grown on so many levels. I feel incredibly lucky to have found Learnlife.”*

*Let's positively change  
education together!*
