A WORD FROM THE ORGANIZERS

Hello,

Due to the ongoing pandemic, the first edition of RNG Forum has been officially rescheduled to April 6 & 7, 2022 and will gather local and international stakeholders involved in the development of renewable natural gas (RNG). This event will be the opportunity to learn more about the success of RNG in the energy industry and its promising future in Quebec and Canada.

Organized by BiogasWorld and their partners, this three-day event will allow the participants to meet project developers, technology suppliers, consultants and financial partners, all gathered to advance this fast-developing industry.

Reaching the full potential of RNG in Quebec and Canada will first and foremost be achieved by mobilizing stakeholders that are directly or indirectly involved in the industry.

Today, we invite you to become part of this event by choosing one of the partnership plants and by using this unique opportunity to get involved in the RNG industry and its development.

We hope to have the chance to discuss with you the RNG Forum 2022 and your participation. Do not hesitate to contact me if you have questions about this event or the partnership plans.

Maxime Lemonde
President of BiogasWorld
Organizer of RNG Forum 2022

Salon des TEQ
Quebec – March, 2020

BiogasWorld is an online platform and a global network that generates business leads and supports project developers to accelerate the development of biogas/RNG industry. BiogasWorld has more than 150 members and partners and a network of more than 4000 professionals. The BiogasWorld team brings its their expertise and network specialized in RNG so the participants can take advantage of this event.

The RNG industry is growing all over the world and has a huge potential to reduce GHG emissions, succeed the energy transition and fight against climate change. The North American industry has one hundred RNG production sites and almost as many projects currently in development or under construction. Various politics, regulations and incentives in place are positive signals for the industry, but a lot of work is yet to be done to make it durable. The RNG Forum 2022 represents some of the necessary efforts to accelerate the sharing of knowledge and good practices in order to mobilize the industry.

ABOUT THE EVENT

CENTREXPO COGECO
Drummondville, Quebec, Canada

April 6 & 7, 2022

The goal of RNG Forum 2022 is to gather and empower the industry stakeholders. The Forum aims to accelerate the knowledge-sharing and the generation of business leads, so we are able to increase the quantity of RNG produced in Quebec and worldwide.

Goals

- Connect the stakeholders of the industry with each other to accelerate the development of projects
- Make the agricultural industry aware of the opportunities RNG offers
- Present the obstacles and solutions in the industry
- Present the best practices worldwide that Quebec and Canada can take inspiration from
- Present the economic and environmental benefits of RNG, including the benefits for transportation sector
- Give information about the regulatory and legislative framework of Quebec
- Raise awareness on technological developments in power-to-gas and pyrogasification

Participants

- Project developers
- Municipalities
- Farmers
- Solid waste generators
- Financiers
- Landfills owners
- Suppliers
- Owners of heavy-duty vehicle fleets
- Consultants
- Associations

ABOUT THE EVENT

CENTREXPO COGECO
Drummondville, Quebec, Canada

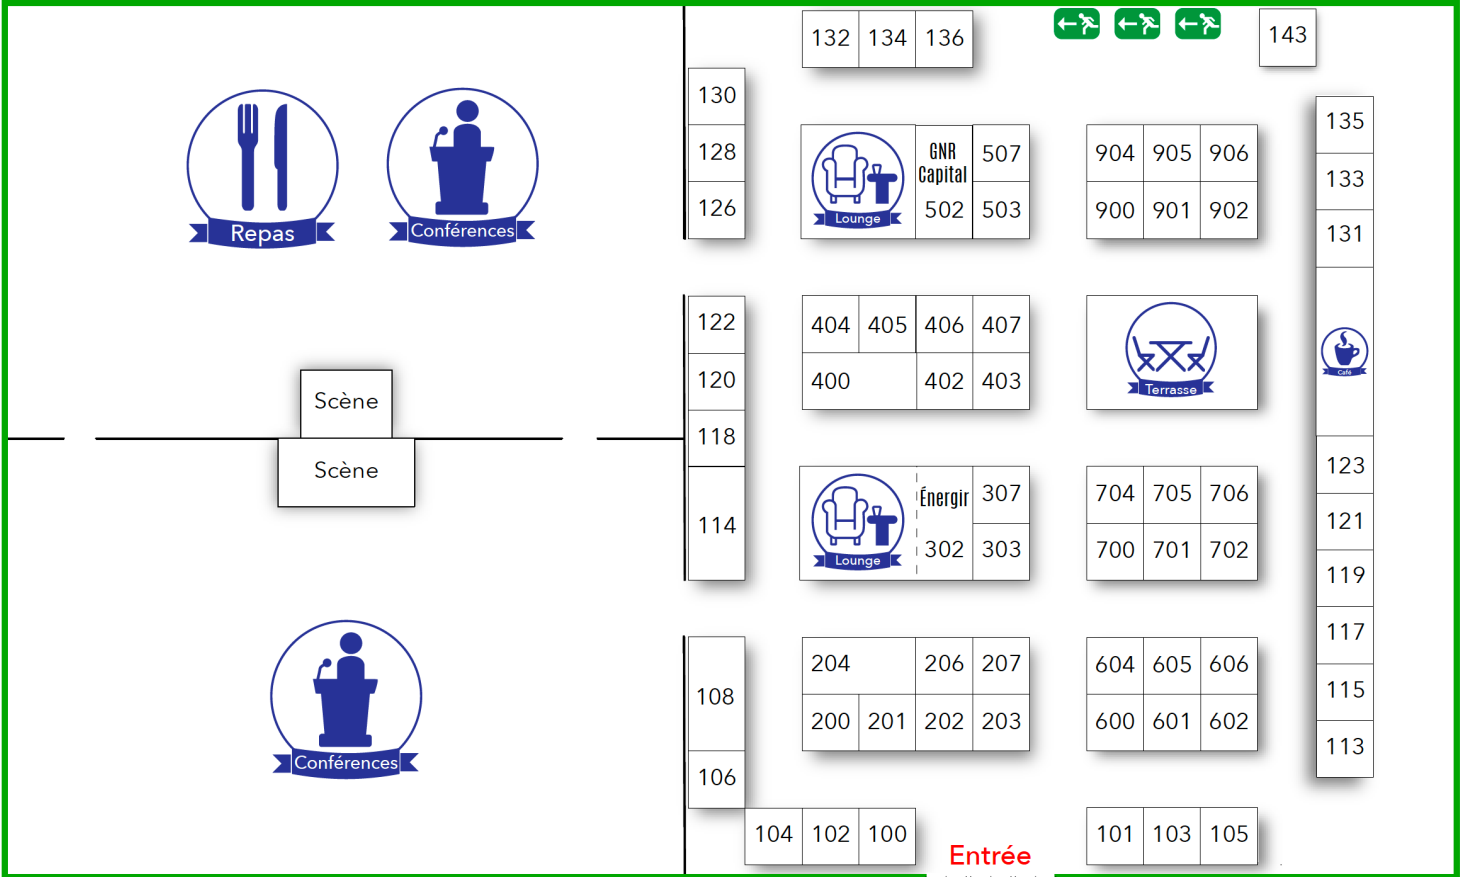

April 6 & 7, 2022

The topics to be discussed during the event will range from project funding to the operation of plants and the latest innovations.

For this first edition, the organizers expect more than 50 exhibiting companies and more than 400 participants. A B2B meeting system will be put in place to increase discussions and will be offered to all participants.

PLANS | BOOTHS & CONFERENCES

Conference Rooms

- Room 1: RNG market and energy transition (400 seats)
- Room 2: Research and innovations (95 seats)

Exhibit Hall

- Up to 80 exhibitors
- Partners' lounges
- Terrace
- Eating facilities

Topics suggested for the conferences

- Direction the market is taking and industry policies
- Connection to the natural gas grid
- How to build a successful project
- Project funding
- The North American market
- Case studies
- Assessment of project costs
- Management of the digestate and water
- On-farm anaerobic digestion
- Social acceptability and environmental impacts of projects
- How to operate a digester
- What are the safety regulations in anaerobic digestion
- Power-to-gas and pyrogasification

CONFERENCES PRELIMINARY SCHEDULE

Wednesday, April 6 2022

- 8AM - 5PM** • Conferences and Exhibition Hall
- 5PM - 7PM** • Networking and Cocktail

Thursday, April 7 2022

- 8AM - 3PM** • Conferences and Exhibition Hall

*Taking into account the availability of sites for industrial visits and existing restrictions, we decided to cancel planned April 5 activities for 2022 edition of the Forum. However, we are planning to have site visits and workshops during RNG Forum 2023.

Prices

\$395 for two days of conferences (early-bird rate)*

*\$495 after February 28, 2022

\$295 for BiogasWorld members

Includes a ticket to the exhibition hall and lunches
Workshops and the industrial visit are not included

PARTNERSHIP PLANS

Why should you become a partner?

As experts in the biogas and events industries, we are committed to providing high-quality program, speakers and networking opportunities to help you make informed business decisions and increase your visibility in the industry.

Various partnership plans and exhibiting possibilities will allow you to bring your company at the forefront of the growing industry. Do not hesitate to contact the trade show team to modify a plan or to get personalized visibility services.

Business opportunities

- Exhibit hall
- B2B meetings
- Workshops

Promotion of your company

- Promotional tools and medias
- Booths
- Conferences

Networking

The three-day RNG Forum 2022 will offer you a variety of networking opportunities during the trade show, breaks, cocktail and different events surrounding the event.

Win-win Partnership

Supporting RNG Forum 2022 shows how involved you are in the RNG industry and it is a unique opportunity to meet your clients and potential partners.

Regulations

1. Any rent payment made less than 45 days before the opening of the Exhibition must be in cash, as a bank or postal money order, certified check or bank draft. Ordinary checks are not accepted. Any unpaid balance by the time the Exhibition is set-up will result in the termination of this contract.
2. If the partner or exhibitor fails to deliver a signed copy of the contract or the payment of the amounts due to the promoter, he/she loses his/her rights as well as any payment already made under the contract. Payment default occurs when the promoter of the Exhibition has not received payment on the dates specified in the contract, unless another agreement is made with the promoter.
3. The partner and exhibitor agrees to follow the regulations of the promoter and he/she acknowledges, by the present, to have received a copy.
4. The rights granted to the partner and exhibitor under this contract are not transferable in any way by subletting, assignment or license. This contract also binds the heirs and successors of the parties. The partner or exhibitor can not in any way assign, transfer or share the space rented under his/her contract.
5. The partner and exhibitor must not use more space than the one rented for their activities. Installations of less than 400 square feet must not exceed 8 feet in height and the height of the sides must not interfere with neighboring exhibitors unless specifically authorized by the promoter of the Exhibition. Each stand is 10 feet wide x 10 feet deep, unless otherwise specified.
6. The partners and exhibitor is required to purchase a civil liability insurance of two (2) million dollars. This insurance must name BiogasWorld Media Inc. and D.E.E. Global inc. as additional insureds, include all-risks tenant insurance and any other type of insurance required to cover the partner's and exhibitor's participation in the Exhibition. The above insurance must be valid from the beginning of the day of the installation until the end of the day of departure specified in this contract. The partner and exhibitor is liable for any damage resulting from his/her participation in the Exhibition and agree to hold the promoter and the Exhibition administration (BiogasWorld Media Inc. and D.E.E. Global Inc.) harmless. The partner and exhibitor is required to provide such proof upon the request of the promoter and / or the Exhibition administration.
7. All partner and exhibitor personnel must wear, in full view and at all times during the Exhibition opening hours, accreditation with the name of the partner / exhibitor that is provided by the promoter of the Exhibition.
8. All materials and products on display must comply with fire and safety regulations of municipal, provincial and federal governments and those of the exhibition hall. They must wear the labels according to these regulations.
9. Partners and exhibitors who intend to make a draw or contest at the Exhibition must provide the promoter of the Exhibition with a copy of the rules of the draw or contest, the registration form and the confirmation of approval from the Régie des alcools, des courses et des jeux in Quebec no later than 30 days before the opening of the Exhibition for approval. Winners' names, addresses and numbers must be provided in writing to the promoter of the Exhibition no later than 10 days after the end of the Exhibition. The promoter reserves the right to forbid any form of drawing.
10. The partner and exhibitor agrees to comply with the terms of the collective agreements and labor relations in force, contracts signed between the promoter of the Exhibition, the official service companies of the Exhibition, the exhibition hall and labor laws of the territory where the exhibition facilities are.
11. The receipt and shipping of exhibition materials can ONLY be done at the exhibition hall door and during the specified installation and departure periods. The partner / exhibitor must be present at this door for the reception or shipping of his exhibition materials. The promoter of the Exhibition and Showroom staff may not receive, ship or accept responsibility for such materials. The name of the partner or exhibitor and the person responsible for the exhibited materials during the Exhibition and the number of the exhibit space(s) must be clearly indicated on all exhibition materials and bills of lading.
12. The assembly of stands and exhibition materials must be completed at 19:00 the day before the opening of the Exhibition. The exhibition materials must remain intact for the duration of the Exhibition. All exhibition materials must be removed from the exhibition hall on the day of closing, before midnight, otherwise the exhibitor will have to pay the cost of their removal and disposal.
13. When these terms require the approval or authorization of the promoter of the Exhibition, his decision is final.
14. The promoter of the Exhibition has the right, at any time, to reject, prohibit, move or remove any exhibit or product, service and stand exhibited and to expel any partner or exhibitor or his staff if the promoter deems it necessary to maintain the character of the Exhibition or order.
15. The promoter of the Exhibition can not be held responsible for any use, by a partner or an exhibitor, of tangible or intangible objects that are subject to the Copyright Act, which constitute trademarks or patents or any other type of industrial or intellectual property protected by specific rights. For this purpose, the word "use" covers terms as diverse as "demonstration", "reproduction", "diffusion", or "exhibition", but this list is not exhaustive. The said partner or exhibitor agrees to vouch for the promoter and its agents and to defend them in case of recourse, suit and/or claim against D.E.E. Global inc. or of its respective agents, in the event that one or more of these claims result directly or indirectly from the use of objects or works mentioned above.
16. The promoter of the Exhibition can not in any way be held responsible for the failure to perform any of the terms and conditions of the Exhibition Space Lease Agreement if this results directly or indirectly from fortuitous events such as fires or storms, floods, wars, insurrections, revolts, civil disturbances, work stoppages, etc.
17. The promoter of the Exhibition may terminate this contract at any time by reimbursing in full the payment paid to him as a rent by the partner or exhibitor. In this case, the promoter can not be held responsible for any sum or expenses incurred by the partner or exhibitor for the event or loss of income incurred by the cancellation of the said contract. Any cancellation by the partner or exhibitor entails for him/her the obligation to pay the full amount prescribed for the event.
18. If the partner or exhibitor terminates his/her exhibition space rental agreement, he waives all rights and claims attached to the space, and the promoter of the Exhibition may rent this space to other partners or exhibitors.

INITIALS

Regulations (Continued)

19. The promoter of the Exhibition has the right to terminate the exhibition space rental agreement if the partner or exhibitor does not comply with a term of the agreement or refuses to comply with the trade show's exhibition terms and conditions. The partner or exhibitor then loses any amount paid in rent as damages and must release the exhibition space on the order of the promoter of the Exhibition.
20. The partner and the exhibitor agrees to abide by these exhibition terms and any terms and conditions that the promoter of the Exhibition may deem necessary from time to time before, during and after the Exhibition.
21. The promoter reserves the right to record, photograph or film any exhibit material at the Exhibition for any purpose.
22. The partner and exhibitor acknowledges that no representation has been made to him/her by the promoter about the anticipated performance of alleged traffic.
23. No solicitation shall be made in the area outside the stands, in the common areas or outside. All fundraising is prohibited throughout the Exhibition.
24. The partner and exhibitor undertakes to keep his/her stand open and one of his/her representatives on site during all the opening hours of the Exhibition. Otherwise, the promoter may expel the partner or exhibitor without further delay or notice, without compensation.
25. Provided that the Centrexpo Cogeco of Drummondville lets BiogasWorld Media Inc. and D.E.E. Global inc. (hereinafter referred to as the licensor) use the facilities reserved, RNG Forum 2022 (hereinafter referred to as the Exhibition) will be held at the Centrexpo Cogeco in Drummondville. The assignment of space shall be made by the licensor as it deems most equitable, and provided that such assignment of space is technically feasible, the company signing this Agreement or its agent (hereinafter called the partner or exhibitor) can not dispute it. If it deems appropriate, the licensor may change the space allocated to an exhibitor to maintain the particular character of the Exhibition or to ensure its proper functioning. The dissatisfaction of the partner or exhibitor or the need to change the location of the space allocated to him/her does not authorize the latter to cancel his/her participation, to claim compensation from the licensor or both.
26. No one other than the contractor designated by the Centrexpo Cogeco of Drummondville may perform electrical connections or interrupt electricity services, install electrical conduits, spotlights or any other electrical work or carpentry work on the Exhibition site.
27. The licensor may, before, during and after the Exhibition, adopt and enforce any regulations it deems necessary for the good of the Exhibition, and the partner and exhibitor undertakes to respect and comply with them, and any other by-law issued and decreed by the Centrexpo Cogeco of Drummondville and/or by the municipal authorities of the City of Drummondville.
28. In the event that one or more unforeseen events could delay, interrupt or prevent the Exhibition from taking place, a refundable portion of the event will be fairly calculated by the Licensor to cover the costs incurred by the partner or exhibitor at the time of the announcement of the delay, interruption or cancellation of the Exhibition. This portion will be reimbursed to him/her. It is understood that the licensor will only be strictly held financially responsible under the provisions of this paragraph.
29. The access to the exhibition of the partner or exhibitor or their exclusion from the Exhibition under the terms of this Agreement is not guaranteed from year to year.
30. The partner and the exhibitor will be liable for any damage caused by his/her fault or negligence to the floors, walls or columns of the Exhibition site, as well as to the property of any other partner or exhibitor. The partner and the exhibitor is not allowed to apply paint, lacquer or any other coating or adherent product on columns, walls or floors.
31. The partner and exhibitor undertakes to respect any local union regulations in force at the time of the Exhibition and to obtain any authorization or permit required by any trade union association or any professional group having authority within the Exhibition or for whom the members work in the building or on the site of the Exhibition.
32. Although recorded music is allowed in the stands, the volume must be adjusted so as not to disturb the occupants in the neighboring stands. This regulation will be strictly enforced.
33. The partner and exhibitor and his/her visitors must behave courteously and respect the rights of other exhibitors. The collection of brochures and documents from other stands or their photographs is prohibited without the consent of the partners or exhibitors concerned.
34. This agreement will be interpreted according to the laws of the Province of Quebec.
