

Governance certifications

Cyber Essentials, Cyber Essentials Plus & IASME

We will work with you to ensure the questionnaire is completed to a passable standard of compliance

Once CE certified, we will guide you through the CE Plus assessment and perform an external audit on your systems

IASME
CONSORTIUM

Self-assessment through our online portal which we support you in completing to a passable standard, rectifying any vulnerabilities

 **security**

Key benefits

- Protection against the most common cyber attacks
- Demonstrates commitment to cybersecurity
- Competitor differentiation
- Required standard for Government contracts
- Can provide cyber liability insurance
- Cyber Essentials badge

How Flow can support you

CNS, part of the Flow group, are one of the largest cyber certification bodies in the UK. We can provide you with the support and expertise you need to achieve the Governance Certifications and then award the certification.

With skilled network penetration testers, we can advise on solutions or implementations to address any points of failure, to ensure compliance and optimal security.
