523 and 924 Series Faucets

Mini Pre-rinse For Food Service Applications

The 523 and 924 Series

Mini pre-rinse. Maximum power.

With our new mini pre-rinse faucet, space is no longer an issue. At less than half the height of a conventional pre-rinse, the new mini pre-rinse faucet allows you to bring Chicago Faucets quality to any food service application.

Built for Tight Spaces

Chicago Faucets performance and durability in half the space.

ECAST

Built Tough

Solid brass, lead free body construction backed by lifetime warranty.

Performance and Water Savings

Field replaceable one piece stainless steel nozzle with 1.0 gpm @ 60 PSI performance. Flow rate saves water and money.

Versatile Design

With the optional, integrated Adapta-Faucet™ the mini delivers a multi-functional workhorse to any kitchen.

Durable Ceramic Cartridges

Positive on/off operation, plus integrated check valves to prevent cross-flow.

Ideal for Small Spaces

The mini pre-rinse is ideal for food trucks, coffee shops, sandwich shops, and any food service application with limited sink space.

Codes & Standards

ASME A112.18.1 / CSA B125.1 Certified

Certified to NSF/ANSI 61, Section 9

ECAST

ECAST, from Chicago Faucets, is the line of durable, high-quality brass faucets and fixtures that are designed and manufactured with one quarter of one percent (0.25%) or less total lead content by weighted average. Available on certain models. Refer to chicagofaucets.com for the most current information.
