

SPREAD GOODNESS

Welcome to the ice melt that is both high-performing and safe for kids, pets, and vegetation. We'd like to take the credit, but Ice Slicer is actually an ice melting gift from Mother Nature. Our miners bring the natural blend of minerals, micro-nutrients, and complex chlorides to you from 450 feet below earth's surface.

IT'S A SAFE AND NATURAL SOLUTION

Homeowners from Maine to California rely on Ice Slicer™ brand deicer to keep them safe without harsh chemicals.

Ice Slicer Nature's Blend brings the same performance to homeowners – gentle enough to use around kids and pets, but powerful enough to melt ice in the toughest winter storm. Ice Slicer's natural blend of minerals and complex chlorides is up to 30% less corrosive than white salt deicers. It melts snow and ice better, even in the coldest temperatures.
