

Ice Slicer-RS 2B Category

UDOT SPECIFICATION SHEET

Ice Slicer is a naturally formulated, high-performance granular deicer. This homogeneous salt blend offers high-performance, low corrosion, and is a naturally colored complex chloride® with 60+ trace minerals.

2B High Performance Road Salt with YPS PRODUCT DESCRIPTION

1	Minimum 90% Sodium Chloride by weight	✓
2	Moisture Content 4.0% Maximum	✓
3	Insoluble Material 10.0% Maximum	✓
4	Yellow Prussiate of Soda (YPS) is added uniformly to the sodium chloride to produce non-caking material.	✓
5	Add anti-caking agent prior to stockpiling. Anti-caking agent addition produces a uniform coating throughout stockpile.	✓
6	Magnesium Chloride, Calcium Chloride, or other anti-freeze or additive agent is not required.	✓
7	Homogeneous Material, Clean and Free from Extraneous Matter	✓

ICE SLICER BENEFITS

- Melts to 0° F
- Use less product while covering more lane miles
- Melts at least 30% more snow and ice in the first thirty minutes
(based on independent lab tests comparing Ice Slicer and traditional white salt)
- Non-leaching and non-staining
- Natural color enhances solar absorption and visibility
- Naturally 20-30% less-corrosive than traditional white salt
- Buffers the effects of chlorides on vegetation and environment

Ice Slicer will meet the following gradation requirements.

SIEVE SIZE	% PASSING
5/8"	100
#4	20-100
#8	10-70
#30	0-20

AVAILABLE IN

- bulk
- 2,000 lb super bag
- 2,500 lb super bag

WEIGHT

approx 78 lbs/cu ft
approx 2,025 lbs/cu yd

Storing indoors is not required, but recommended.
