

Digestive Support

Daily Gold's unique combination of properties give it a strong pulling capacity, which helps draw bacteria out of the system and encourage healthy digestion.

Soothing Relief

The alkaline nature of Daily Gold is an effective acid buffer and helps to calm the stomachs of anxious horses. Great for horses who tend to develop ulcers.

Toxin Binding

Daily Gold has proven effective at binding toxins, ridding your horse's system of heavy metals and dangerous chemicals.

How do I use it?

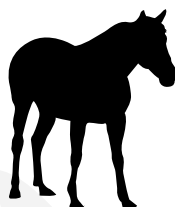

Place the tip of the syringe in the corner of your horse's mouth. Gently raise your horse's head then move the syringe tip around the tongue to stimulate tongue movement. Then inject the paste onto the tongue.

Pony or Miniature

900-1400 lbs.

~35 cc

~70 cc

When would I use this?

- When your horse has diarrhea.
- Extra protection prior to or during stressful situations (trailing, competing, moving, etc.).
- A quick way of dosing at the first notice of symptoms associated with a sore stomach or colic.
- A way to alleviate ulcer pain by lining the stomach.
- If your horse is off his feed, this provides a way to ensure he still gets Daily Gold.
- A way to jumpstart the effects of Daily Gold if just starting the program.
- Any time you feel extra protection is necessary.
- Pre-ride calming so you can have a great ride.
