

WE KEEP IT SIMPLE

Redmond provides simple, back-to-basics products that can help your animals thrive—whether your approach is organic or conventional.

NATURE HAS IT RIGHT

Our unique balance of minerals comes directly from an ancient mineral sea bed—harvested in America and delivered to you exactly as nature intended.

CRAFTED BY FARMERS

Our company was started by farmers over 50 years ago in Central Utah, and we still use Redmond products on our farms today. We feel lucky to be able to share our products with you!

PREMIUM MINERAL SALT BLOCK

Natural Block (44 lb)

Our premium sea salt in block form. It has 60+ naturally occurring essential trace minerals. Easy to handle, stackable, and economical.

Individual: (PN#) 321001
(UPC) 758364321001

Pallet: 50 blocks

Selenium 30 Block (44 lb)

Our sea salt's 60+ minerals and added levels of selenium (30ppm), copper, manganese, cobalt, iodine and zinc.

Individual: (PN#) 321407
(UPC) 758364321407

Pallet: 50 blocks

Selenium 90 Block (44 lb)

Our sea salt's 60+ minerals and added levels of selenium (90 ppm), copper, manganese, cobalt, iodine and zinc.

Individual: (PN#) 321506
(UPC) 758364321506

Pallet: 50 blocks

Added Trace Mineral Block (44 lb)

Our sea salt's 60+ minerals and added levels of copper, manganese, cobalt, iodine and zinc.

Individual: (PN#) 321605
(UPC) 758364321605

Pallet: 50 blocks

Iodized Block (44 lb)

Our sea salt's 60+ minerals and added levels of iodine (200ppm) from ethylenediamine dihydriodide.

Individual: (PN#) 321209
(UPC) 758364321209

Pallet: 50 blocks

Cobalt Iodized Block (44 lb)

Our sea salt's 60+ minerals and added levels of iodine and cobalt.

Individual: (PN#) 321100
(UPC) 758364321100

Pallet: 50 blocks

Sulfur Block (44 lb)

Our sea salt's 60+ minerals and added levels of sulfur (3%).

Individual: (PN#) 321902
(UPC) 758364321902

Pallet: 50 blocks

Custom Order Block (44 lb)

Our premium sea salt can be custom mixed according to customer specifications.

REDMOND SOIL PROGRAM

Add Sea Minerals Back Into Your Soil Premium Sea Salt & Conditioner

Healthy soil uses a natural blend of minerals (macro nutrients, secondary nutrients, micro nutrients and rare earth nutrients) to support crops. Over time, soil loses these minerals due to plant production and erosion.

Centuries of erosion and volcanic activity have redeposited these minerals into salty bodies of water.

When an ocean or sea dries, it leaves behind mother nature's best depository—a rich collection of all the minerals needed to replenish soil—including the rare earth nutrients. Almost 60 years ago, we found the mineral-rich remains of an ancient sea near Redmond, Utah. Nearby, we also found thick layers of volcanic ash.

We gather both the salt and the volcanic ash via separate operations. We package these resources individually but also offer a blended combination. It's a simple way that you can return the trace minerals back into the soil—all 60+ of them.

Natural Products from our sister company: Redmond Life.

Redmond Life makes products with a short list of natural ingredients. Their natural foods are delicious. Their personal care products really work. Redmond Life products are simple, clean, and real.

Real Salt

Real Salt is the only brand of unrefined sea salt mined in America, with a complete blend of minerals and an unique flavor that is perfect for every meal. Real Salt is unlike any salt on earth – once you try the Real Salt taste test, you'll understand why no other salt sells better in America's health food stores.

Redmond Clay

Redmond Life has been selling Redmond Clay in health food stores since the 1970's, but people have been using bentonite clay for thousands of years. Redmond Clay is a unique high desert bentonite, high in both calcium and sodium.

Earthpaste

You don't need artificial ingredients to create the perfect natural toothpaste. Redmond Earthpaste and Earthpowder are made from nature's perfect polisher to get you everything you expect from a toothpaste without any glycerin, fluoride, foaming agents, or artificial coloring. You won't believe how smooth your teeth will feel!

We've been in business since 1958, when two brothers decided to turn their Utah farm into something bigger. They tapped into an ancient deposit and found two rare resources—a salt with 60+ trace minerals crystallized inside each granule and a thick layer of volcanic ash—a mineral-rich supplement unlike any other clay.
