## Stage 6 - Dangerous points

---

- Start with an 8-kilometre convoy in the descent until the start line in Prelles. Please stay on the right side of the road and respect the instructions of the security motorbikes.
- Kilometre-15,7: There is a sharp left turn in the descent, so be careful.
- Kilometre-20 to 22: We will cross l'Argentière la Bessée. There are many roundabouts and the road can be busy.
- Kilometre-29,3: **The timing stops.** There is then a short, dangerous descent until the timing starts again at kilometer-34. The road is not in perfect condition, so we ask you for your attention for these five kilometres.
- Kilometre-39.5: We will ride on a main road for one kilometre. Please be careful.
- Kilometre-63: The descent from Col de Vars is very fast and dangerous at the start.
- Kilometre-107: **The timing stops** at the top of Col de la Bonette. The descent is dangerous, with steep ravines. The chrono starts again at St Etienne de Tinée, after the 25-kilometre descent.

10th IN THE GC STARTING FROM THE END

A photograph of two female cyclists celebrating on a race track. The cyclist on the left is wearing a bright pink POC helmet, white sunglasses, and a black cycling jacket with 'RCC' visible on the sleeve. She is wearing black gloves with white polka dots and has her mouth open in a shout. The cyclist on the right is wearing a white POC helmet, black sunglasses, and an orange cycling jersey with 'TAG HEUER' and 'HEAD' visible. She is smiling broadly. The background is a blurred crowd of spectators. A large dark grey triangle is overlaid on the right side of the image, and a solid orange bar is at the bottom.
