

# SOLVING THE FAA PART 139 MARKING DISCREPANCY CHALLENGE FOR AIRPORTS

Meet FAA Part 139 Markings Compliance with Seamless **Spec-Rite Online** Integration.

*Monitor markings as they are applied!*

## The Solution To Your FAA Part 139 Airfield Markings Compliance Needs

Let the **Spec-Rite Online Markings Management Platform** boost performance and safety at your airfield.

Only with Spec-Rite Online you can:

- ✓ Visualize marking application in real-time.
- ✓ Meet P-620 retroreflectivity requirements.
- ✓ Manage crews and track work progress.

### Developed for Airports

Airfield markings are the nemesis for most airports' operations and maintenance teams. Markings don't last long enough, specifications continually change, quality is difficult to attain over time, and FAA inspectors often focus on markings.

Developed by airfield markings and compliance experts, **Spec-Rite Online** organizes, analyzes and manages critical information for data-driven decision making.
