

# We Drive So you can Thrive

Research shows men outlive their driving abilities by six years, and women by 10.

Older adults are involved in the most fatal accidents per mile driven.

More than 20% of elders miss out on activities because of transportation issues.

**Concerned about a loved one who may no longer be safe on the road?**

**Not confident driving at night any more but still wish to attend your favorite social or cultural activities?**

**Don't want to have to rely on family or neighbors any time you want to go somewhere?**

Giving up the car keys doesn't have to mean a loss of independence. Our caregivers can drive you to your appointments, errands, as well as all the activities you enjoy. Whether a regular outing or just the freedom to spend an afternoon visiting your favorite shops or going to lunch, we can provide transportation as well as companionship and support if needed. You can continue to live your life, without the hassle of car maintenance, insurance and navigating traffic.

**...and it's affordable.**

According to the Dept. of Labor's Bureau of Labor Statistics, car ownership costs are the second largest household expense. Owning and operating a car costs an average of \$8,000/year or about \$600/month—which is equal to about 20 hours of EasyLiving transportation services.\*

*\*Four-hour minimum; custom fit to meet your needs: errands, appointments, outings, and tasks.*

**EasyLiving also offers Lyft Concierge Services for on-demand and scheduled rides with no minimums.**

**We drive so you can thrive.**

**Contact EasyLiving today so you can continue to live life on your terms!**

**(727) 447-5845** or **(813) 333-5020**
