

The OTS Triple Threat

OTS is the only software in-market that provides truckload **savings**, immediate **capacity**, and actionable rate **data**.

Savings

Generate immediate savings by configuring max rates & eliminating need for broker middleman.

Get carrier & rate data, *shared nowhere else*, to understand true-market cost on your loads.

Leverage AI/ML to dynamically source compliant, asset-based carriers who deliver 95.5% OTD.

Data

Capacity
