

# Make homeworking seamless, secure and scalable with **G Suite**

At Appsbroker, the health, safety and security of our customers, partners and colleagues is paramount. That's why, following official advice, we moved our entire workforce to remote working overnight.

The world needs to move at pace onto a reliable, tried and tested homeworking model. With Google Hangouts Meet now available free and unrestricted, it's easier than ever to stay connected to your colleagues, teams and senior management.

Appsbroker are on hand to help you get started with G Suite, with quick set-up in less than a day - completely free of charge.

## Google's full suite of productivity tools

Empower your teams with collaborative everyday tools like Docs, Sheets and Slides, as well as secure file storage and video conferencing

## World-leading collaboration at scale

Roll out up to 50,000 licences, instantly bringing together your teams across the world to maintain business as usual

## Free, rapid implementation

Benefit from Appsbroker's experience as a Google Premier Partner in migrating organisations to G Suite, and go live in as little as a day

Talk to us today to initiate your free G Suite trial set-up
