

Studies show our children make greater improvements in reading comprehension when they are matched to books that:

1. interest them
2. are not too easy or too difficult.

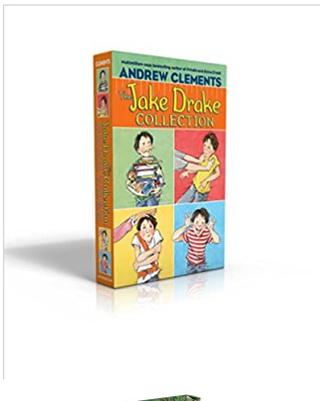

We also know that children in grades 3-6 are highly motivated by series books. Keep your child reading by challenging them to read an entire series! Here are our suggestions for each range of reading level:

2nd - 3rd Grade Reading Level

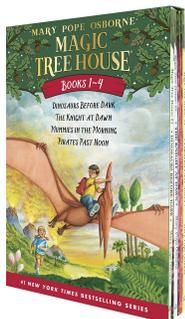

For students gaining confidence reading short chapter books.
