FACILITIES MANAGEMENT

Liquid Safety Solutions For Facility Management

Wipers, rags and absorbents play a critical role in facility safety, cleanliness and compliance. Each of these products can help you with your cleaning regimen; prevent slips, trips and falls; meet OSHA and EPA guidelines; and be prepared when that spill does happen.

2121-B American Blvd
De Pere, WI 54115
ML# FMDB022421

Target Markets:

Sanitizing Wipe Kit

This Simple To Use Kit Is As Easy As:

- 1** Load the dry wiper roll into the re-usable bucket.
- 2** Pour your chosen cleaning solution over the roll of wipers.
- 3** Thread the first wiper through the lid and close.

OFFICE

Item#	Description	Count
94400	Sanitizing Wipe Kit with Wiper Roll (300 - 6.8"x6" Wipes)	Each
74491	Sanitizing Wipe Kit Refill Rolls (300 - 6.8"x6" Wipes)	6 Rolls/Case

- Easily add a wet wipe to your existing cleaning regimen, the kit utilizes whatever cleaning solution you already use.
- Control how saturated the wipes become based on your cleaner and application.
- Reusable bucket has a flip-top airtight lid to keep your wipes saturated, avoid contamination and reduce staff exposure to the chemicals.
- Wipers easily absorb the cleaning solution while remaining durable to handle your daily cleaning needs.
- Each coreless roll pulls from the center – perfect for feeding wipers through the sanitizing kit bucket lid.
- Ideal for surface cleaning and sanitizing as well as removing soil, oil and grease.

Now with a custom designed, airtight, flip top lid!

Roll in the Bucket

Wiper^{GT} Series

Target Markets:

All Purpose and On Target: The Wiper^{GT} Series from Spilfyter blends strength, absorbency and durability to give your operation a new workhorse for tackling everyday challenges.

GT Series wipers are created using a hydro-entanglement process that weaves absorbent cellulose fibers with polypropylene for additional strength. Engineered to be your new “Go To” wiper, the GT Series will withstand harsh chemicals and extended scrubbing as well as offering superior low linting and wipe dry properties.

HVU-90	32"x150' High Vis Heavyweight Universal Roll	1/Case

Durable spunbond cover is ideal for wiping applications especially in this center-pull roll dispenser box.

Spilfyter High Vis sorbents are available in unique convenience packs that can be hung on a wall in problem areas.

High Visibility: *Take Your Slip, Trip & Fall Prevention to the Next Level*

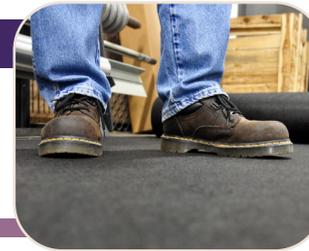

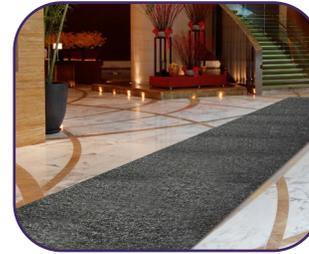

Universal Traction Rugs

Target Markets:

Slipfyter traction rugs are an easy to deploy, durable solution for preventing slips, trips and falls. Rugs cling to the floor creating a clean and safe working environment.

- Adhesive or cling backing adheres to floors but can still be re-positioned easily
- Traction rugs are a universal sorbent - absorbing a wide variety of oil and water-based spills
- Withstands heavy foot traffic and vehicle traffic including fork trucks

Item#	Description	Count
STM9700GRY	34" x 100' Medium Weight Traction Rug	1/Bag
STM9800GRY	34" x 50' Medium Weight Traction Rug	1/Bag

Traffic Rugs

Made from needle-punch polypropylene, these traffic rugs are ideal for everyday walking and wheeled traffic. These absorbent rugs are universal so they will soak up oils, water, solvents and coolants.

- Dark color hides leaks and spills keeping your walkway neat and clean
- TR-91 features a poly backing for extra durability and a barrier that prevents absorbed liquids from leaching out on to the floor.

Item#	Description	Count
TR-90	36" x 100' Heavy Weight Traffic Rug	1/Bag
TR-91	36" x 100' Heavy Weight Poly-Backed Traffic Rug	1/Bag

Target Markets:

Essential Sorbents

Universal sorbents are designed to absorb oils, coolants, solvents, water and more. They are perforated for flexibility and efficiency while offering great wicking and performance for all of your leaks, drips and spills. Socks can be molded around equipment for those troublesome problem areas.

SK27-P30-U	30 Gallon Drum Spill Kit (Absorbs up to 27 Gallons)	Each

Production Areas

Equipment leaks and liquids spill, the condition of the work area and the liquids involved in your process are a great place to start in determining your sorbent solution.

Shipping & Receiving

These busy areas need to be prepared for a spill and have sorbents on hand that can stand up to heavy traffic.

Liquid Storage

Indoor or outdoor, wherever you store the liquids that support your business, you need to manage leaks and control spills.

Target Markets:

Secondary Containment

No matter what size or shape liquid storage container you have, there is probably a spill containment solution to make sure your facility is in compliance with EPA, SPCC and other regulations. These products should be a part of your "prevention first" best practices to limit the spread and issues associated with a spill.
