

## TOUGHBOOK Devices for Oil & Gas

In your field, we know workplace safety is of the utmost importance and TOUGHBOOK rugged laptops, tablets and handhelds are designed to operate safely in these hazardous environments. Not only do Panasonic's models with optional hazardous locations Class 1 Div 2 (C1D2) ANSI certification allow workers to effectively communicate with supervisors and respond to potentially serious incidents, they are critical to everything from location tracking, inspection, asset management, surveying, and environmental assessments.

### Which TOUGHBOOK Fits Your Needs?

TOUGHBOOK rugged devices withstand extreme weather/temperatures, are daylight readable, gloved touch capable, feature the longest battery life in the market and afford workers critical connectivity to make sure work gets done, when and where its needed.

### Find out which rugged TOUGHBOOK model is best suited for your workplace needs:
