NewtonX

How we can help

Innovation

Supporting top management consulting firms with client insights, emerging technology and trend insights.

Competitive Benchmark

Finding the path to sales success into a new potential customer, geography or channel.

Voice of Customer

Understanding the voice of the customer and competitive analysis to drive product development and decision-making.

Proven results in delivering for the Fortune 500, top market research companies and management consultancies.

40,000

completed surveys each year

3,300

completed interviews each year

75

projects delivered each month

24

hour turnarounds and dynamic fielding to meet client demands

How to get started

1

Reach out with your specs

2

Align on feasibility

3

Projects start in less than 24 hours

We can meet tight timelines, even if it's a hard-to-reach audience. We tailor our pricing to your requirements. Projects range from \$5,000 to \$100,000+.

"When preparing for internal projects at Accenture, NewtonX helps me in getting quickly up to speed with new topics."
— Sr. Research Principal, Accenture

"Ipsos has been able to develop innovative approaches mixing qualitative and quantitative research for highly specialized B2B audiences in order to better guide recommendations for our clients and ultimately deliver high-value impact for them."
— Sarah Schore, Vice President, Ipsos
