

Metabolic Health

Well-absorbed curcumin and bergamot phytosomes for support of weight management, normal cholesterol and blood sugar levels, liver function, and healthy metabolism*

Bergamot phytosome (Vazguard™)
Curcumin phytosome (Meriva®)

What it is

Thorne's Metabolic Health contains a unique bergamot extract and curcumin from turmeric, which are both complexed with sunflower phospholipids (lecithin) to create two phytosomes that provide many times greater absorption than either extract when not complexed with phospholipids.

Who can benefit

- / Individuals who want to maintain normal blood sugar and cholesterol levels*
- / Anyone wanting to promote healthy liver function*
- / Individuals who want to support fat metabolism and body composition goals*
- / Men and women looking for nutritional support to combat abdominal weight gain*
- / Those who experience excessive daily stress that creates obstacles to weight management*
- / Anyone experiencing a slowing metabolism or having trouble maintaining desired weight with a healthy diet*

How it works

*For general metabolic support**

- / Provides nutritional support for individuals with metabolic syndrome by supporting healthy levels of insulin, blood sugar, cholesterol, and triglycerides*
- / Supports balanced inflammatory responses in fat cells, blood vessels, the liver, and throughout the body*
- / Promotes a gut microbiome that benefits cardiometabolic health*
- / Provides antioxidant support to combat the effects of oxidative stress*

*For healthy weight maintenance**

- / Balances chemicals in fat cells – adiponectin and leptin – promoting fat metabolism and weight management*
- / Manages abdominal fat and supports a healthy BMI and waist circumference*
- / Balances the cortisol response to stress, which supports a healthy weight*
- / Supports insulin sensitivity (insulin resistance associated with weight gain) for healthy carb metabolism*

*For liver and blood vessel support**

- / Helps maintain blood fat levels – LDL, HDL, triglycerides – already in the normal range*
- / Supports efficient fat metabolism and clearance from the liver*
- / Promotes healthy liver function and a normal balance of enzymes in the liver*
- / Maintains a balanced inflammatory response in the liver and the cardiovascular system*

Metabolic Health

SUPPLEMENT FACTS		V01
Serving Size: Two Capsules Servings Per Container: 60
